Red Chinese Warn Of 'Fight To Finish'

Driver Injured Only Slightly

Car Flips, Man Escapes

An East End man was injured only slightly in a spectacular accident in which his car sheared off a utility pole and plunged over an embankment on Park Way near the intersection of Rubicon St. Friday at 6 p.m.

Robert J. Givens, 22, of 2200 Harvey Ave. was taken to City Hospital for treatment of injuries suffered in the mishap, which virtually demolished his 1962 four-door

hardtop. He was treated for scratches of the elbow, cheek and scalp and abrasions of the knee.

Patrolman Samuel E. Hayes, who investigated, said Givens was headed south on Park Way when his car started skidding near Rubicon. It then traveled 240 feet before leaving the road.

Tire marks indicate the vehicle continued on another 33 feet before striking a power

pole. The pole was sheared off and hurled for more than 20 feet.

The car then traveled another 42 feet, plunged over a 15-foot embankment and came to rest on its top.

Givens was charged with reckless operation. Traffic at the scene was blocked for a while and had to be detoured.

City firemen were called to remain on standby duty at the scene.

TOKYO (AP) — Red China's leaders spelled out in harsh words at a mammoth Peking rally Friday the only end they see to the war in Viet Nam — total Communist victory, possibly with Chinese intervention.

Speaking to a throng estimated by Japanese correspondents on the scene at nearly one million, President Liu Shao-chi declared:

"To fight on, to fight through to the end, to fight until the U.S. aggressors are totally and completely driven out of Viet Nam and final victory is won — this is the powerful answer of the Vietnamese people to the U.S. imperialist act of escalating its war of aggression to a new and still graver stage."

Asserting that "aggression against Viet Nam is aggression against China," Liu said "the Chinese people have made up their minds and have made every preparation to take such actions at any time and in any

Big Rally Held At Peking

place as the Chinese and Vietnamese people deem necessary for dealing joint blows at the U.S. aggressors."

Some observers said the statement appeared to go a step further than previous declarations of support by China. In the past, it had been stressed that China would act if asked to do so by Hanoi.

Liu and the other speakers, according to Radio Peking broadcasts heard here, made clear that even a halt in U.S. bombing of North Viet Nam would not draw the Communists to the conference table — as far as Peking is concerned.

Reconvening of the Geneva conference was completely ruled out as an "out-and-out criminal action."

Peace efforts by British Prime Minister Harold Wilson and Indian Prime Minister Indira Gandhi in recent trips to Moscow were denounced — as well as the Soviet leaders.

Peking also declared itself completely freed of all restrictions and limitations imposed by the 1954 Geneva conference on Indochina and said the agreements "are already nonexistent."

Liu said, "We must warn the U.S. aggressors in all seriousness: do not miscalculate and do not misjudge your opponents."

He said China was "ready to undertake the greatest national sacrifices" and no longer was restricted by the demarcation line between North and South

Viet Nam in giving aid to the Vietnamese people.

"The 700 million Chinese people provide a powerful backing for the Vietnamese people," he declared. "The vast expanse of China's territory is the reliable rear area of the Vietnamese people."

Vice Premier Tao Chu, who recently was named party propaganda chief, told the rally:

"As everyone knows, the core of the Viet Nam question at present is absolutely not a matter of merely stopping the bombing of the Democratic Republic of Viet Nam. To lay one-sided stress on the stopping of bombing is precisely to cater to the needs of the U.S. imperialist policy of blackmail."

He also attacked the 1954 Geneva agreements on Viet Nam and said "whoever still attempts to tie the hands of the Vietnamese people, the Chinese people and the revolutionary people of the world will never succeed."

A similar statement was contained in a message from the Chinese Peoples Political Consultative Conference to North Viet Nam's Fatherland Front.

It said, "The Soviet revisionist leading clique, in collusion with the Indian prime minister and the British prime minister, is clamoring for the reconvening of the Geneva conference in an attempt to force the Vietnamese people into accepting peace talks of humiliation and surrender."

"This foreshadows a new Munich in the East being engineered in collaboration by the U.S. and the Soviet Union and is an out-and-out criminal action."

Helicopter-Borne Infantrymen Lash Foe Near Saigon

A Viet Escape Story

'One-In-A-Million' Sighting Saves U.S. Flier

SAIGON, South Viet Nam (AP) — A U.S. Navy pilot, shot down over Communist territory more than six months ago, escaped from a prison camp and was rescued from the jungle after a "one-in-a-million" sighting by another American flier, it was learned today.

The airman was reported suffering severe malnutrition and shock after his 23-day flight across some of the most difficult terrain in Asia.

The escape was disclosed by the U.S. military command, but spokesmen would give no details — in an effort, they said, to protect other prisoners who might be involved.

The rescued pilot was not identified for security reasons, but his next of kin have been notified, the U.S. command said.

An informed source said the escapee is a Navy lieutenant who had been held by the Communists for about five months.

He was spotted by an Air

Force pilot last Wednesday or Thursday in the rugged jungle near the 17th Parallel demilitarized zone, which separates North and South Viet Nam.

Judging from the area of the rescue, the pilot may have been shot down over Laos. U.S. planes make daily sorties on the Ho Chi Minh trail through Laos to cut the flow of supplies to the Communists in South Viet Nam.

All the U.S. command would say was contained in this terse announcement:

"A U.S. Navy pilot who was held prisoner of the area by the Communists has escaped and returned to our control in Viet Nam. His next of kin have been notified. The identity of the pilot and all additional details must be withheld at this time for security reasons."

It was learned, however, that after the pilot was sighted, an Air Force "Jolly Green Giant" helicopter was sent from Da Nang to lift him from the jungle. The pilot was flown to the

New Policy Blast Fired By Fulbright

'I'm Disappointed,' Johnson Declares Of Latest Exchange

WASHINGTON (AP)—Sen. J.W. Fulbright has launched a new attack on the administration's Asian policy—and received a tart reply from the White House which reported President Johnson was "disappointed" in the chairman of the Senate Foreign Relations Committee.

Inconsistent, disappointing and difficult to follow was the way White House press secretary Bill Moyers described Fulbright's argument in a renewal of the Fulbright-Johnson dispute over American commitments to Asia.

The latest exchange was triggered when Fulbright told the Senate Friday that statements by Johnson and Vice President Hubert H. Humphrey revealed an "emerging 'Asian Doctrine'" under which "the United States is taking on the role of policeman and provider for all of non-Communist Asia."

In a remark that obviously rankled the White House, the Arkansas Democrat declared:

"I think it extremely important that the Senate, which used to be asked for its advice and consent on major foreign commitments, consider some of the sweeping implications of the 'Asian Doctrine' before it becomes an irrevocable national commitment undertaken without the consent or even the knowledge of the Senate."

As a possible measure of Johnson's irritation, the White House response to Fulbright was the one of longest and strongest yet made to a member of Congress.

The President, said Moyers, "is disappointed that Sen. Fulbright's speech made allegations."

Says Violence Could Boomerang

President Calls For End To Negro Rioting In Cities

INDIANAPOLIS, Ind. (AP)—President Johnson flew into the Midwest today and demanded an end to rioting by big city Negroes, saying such violence breeds tyranny and will boomerang against the rioters.

In an address prepared for a civic luncheon in Indianapolis, Johnson said:

"Our country can abide civil protest. It can improve the lives of those who mount that protest. But it cannot abide civil violence."

Johnson, in a blunt warning that riots are self-defeating, said:

"Riots in the streets do not bring about lasting reforms. They tear at the very fabric of the community. They set neighbor against neighbor and create walls of mistrust and fear between them. They make reform more difficult by turning away the very people who can and must support reform. They start a chain reaction, the consequences of which always fall most heavily on those who begin them."

Johnson said, "There are ways of protesting that any civilized society can tolerate."

Getting specific, he said: "The ballot box, the neighborhood committees, the political and civil rights organizations — are the means by which Americans express their resentment against intolerable conditions. They are designed to reform society, not rip it apart."

Johnson began a busy day at travel through Indiana, Illinois and Kentucky by discussing not only race violence but also defending his Viet Nam policies and arguing that his administration "has not shirked its own responsibility in the fight against inflation."

He said a Communist victory in Viet Nam "would inspire new aggression in the rest of the world" while an American success might put an end to wars forever.

In a speech prepared for de-

livery at Monument Circle in the heart of downtown Indianapolis, Johnson pictured the fighting in Southeast Asia as a test which will determine whether aggression and guerrilla warfare will engulf Africa and Latin America as well as that part of the world.

"We are not going to run out on South Viet Nam," he said. "We are not going to break America's word. However long it takes, we will persist until the Communists end the fighting or negotiate an honorable peace."

The chief executive said a Communist victory in South Viet Nam "would be followed by new ambitions in Asia and would inspire new aggression in the rest of the world."

Before leaving Washington, Johnson held out hope that an American success in Viet Nam,

by contrast, might put an end to wars.

Speaking at the dedication of a national headquarters building for Amvets, a veterans' organization, he said:

"If we succeed in meeting this latest challenge of force, it may be that the veterans of Viet Nam will be the last veterans to use this building."

In Indianapolis, Johnson said the Communists would have seized South Viet Nam already had the United States not stepped in with both feet last year.

"So far their adventures in aggression have not worked," he said.

Johnson described Communist Cuba as "on a downhill slide" and said the peoples of Africa and Indonesia have rejected the threat of Communist domination.

6 White Youths Rounded Up

Negro Motorist Wounded In Incident At Cleveland

CLEVELAND, Ohio (AP) — A shot fired from a moving car wounded a Negro motorist critically early today in guerrilla rioting that has wracked Cleveland's East Side Negro area for five nights.

Until the shooting about 3 a. m., police and National Guardsmen had kept relative calm in areas hit by fire bombing, shooting and vandalism since Monday night.

Shots were fired from the passenger-side window of a car carrying two white youths, police said. Six white youths were rounded up in pairs, within minutes, but police clamped a tight lid on information.

The man shot was identified as Benoris Toney, 29, a father of five. His wife said he was on the

way to pick up a friend at work on the West Side.

He was the 10th victim of gunfire wounds in rioting that has taken three lives and caused heavy damage from fires and looting.

Toney was shot in a parking lot of a lumber company two miles outside the Hough (pronounced 'huff') area where most of the rioting has occurred and which police and 1,750 National Guardsmen have sealed off.

The victim's car was still moving after the shots were fired. Police hunting a sniper in the area were in the parking lot when Toney was shot and took

zone between North and South Viet Nam reported killing 55 more North Vietnamese regulars to raise the number of enemy dead to 576 in eight days of hard fighting.

The U.S. command announced that Australian troops had kicked off on a new clearing operation 38 miles southeast of Saigon and that the first small contingent of Thailand servicemen has arrived in the country.

The U.S. command also reported that a Navy A4 Skyhawk fighter-bomber from the carrier Oriskany was shot down over North Viet Nam today, the 306th plane lost in the air war over the north. The pilot bailed out at sea and was rescued about 35 miles north of Vinh.

U.S. spokesmen disclosed the loss in South Viet Nam of an L19 light observation plane about 100 miles southwest of Saigon and said both members of the two-man crew were killed.

Another light observation plane and a U.S. Army helicopter collided during Operation Hastings near the demilitarized zone. Three crew members of the helicopters were injured. The fate of the two fliers in the observation plane was not known.

In the fighting 25 miles north of Saigon, several battalions of the U.S. 1st Infantry Division struck this afternoon against a dug-in Viet Cong force in the Ong Dong jungles.

The infantrymen, lifted into the area by helicopters, overran

3 Bandits Hunted In Brinks Holdup

BEDFORD, Mass. (AP)—Police say they have a sketchy description of three bandits and the name "Lennie" as apparently their only clues in the swift, smoothly executed holdup of the crew on a Brink's, Inc. armored truck at Mitre Corp.

The bandits, wearing rubber Halloween masks and carrying machine guns, struck shortly before noon Friday as the three-man crew delivered \$131,000 in cash and \$16,000 in checks to the electronics company.

Thomas Horrigan, Brink's assistant manager in Boston, said, "The whole operation took only 15 seconds."

The robbery was the third armed truck holdup in metropolitan Boston in four months. It occurred about 15 miles from Brink's Boston headquarters where \$12 million in cash was stolen in 1960.

Horrigan and police gave this account:

Two guards had their service revolvers drawn.

One guard carried two suitcases of money. Another carried a third suitcase. The third carried two canvas bags of money.

At one point, a car sped up the driveway from the parking area and screeched to a halt beside them.

Alwyn C. Purinton Dies Here After Long Illness

Alwyn C. Purinton, 75, of Villa View, president of the Potters Savings and Loan Co., since Oct. 10, 1953, died Friday at 7:10 p. m. at City Hospital after a long illness.

Mr. Purinton was born here Sept. 14, 1890, a son of the late John J. Purinton and Mame Walper Purinton. He had resided here his lifetime. His father preceded him as president of the company.

After graduating from Ohio State University in 1914, Mr. Purinton became associated with the local savings and loan. He was a member of Delta Upsilon fraternity at Ohio State. Mr. Purinton was a member of St. Stephen's Episcopal Church, where he was a former vestryman, senior warden and church treasurer. He also belonged to the East Liverpool

Arrest Continued In Robbery Case

Suspects Granted Time For Counsel At Lisbon Hearing

Acting Judge Richard D. Kennedy of Columbiana County Southwest Court at Lisbon continued arraignment indefinitely Friday afternoon for two men charged with a \$100 robbery Thursday at a Wellsville store.

George Wright Jr., 21, of Youngstown told the court he needed time to obtain counsel. His cousin, Kenneth Junior Wright, 25, of Wellsville R. D. 1, asked for court-appointed counsel.

Advised of Kenneth's request, Judge Raymond S. Buzzard of Common Pleas Court appointed Atty. William Bush of Wellsville.

Judge Kennedy set bond at \$2,500 each and the defendants were returned to the County Jail.

The affidavits filed by Wellsville Patrolman Eddie James charge they did "put in fear" and steal money from Margaret Lynn Gates, a clerk at Sell's Golden Crown Store, 925 Main St.

Authorities said Miss Gates identified George Wright as the man who pointed a pistol at her and ordered her to put money from the cash register into a sack.

Chief Deputy Sheriff Robert Berestford apprehended the suspects shortly after the robbery. Kenneth Wright was driving the car when the deputy stopped the two men on Fife Rd., near the Yellow Creek United Presby-

Thieves Take Over Mile Of Pennsy Wire

More than a mile of copper wire used for a flash signal system of the Pennsylvania Railroad was cut down and carted away by thieves during the night.

Police said No. 9 wire was cut out in sections from the railroad crossing at Putnam St. east to the Pennsylvania state line.

The thieves cut down eight sections measuring 700 feet each, for a total of 5,600 feet of the material.

Patrolman P. A. Burson investigated. He said the theft occurred sometime between Friday night at 9 and 4:51 a. m. today.

The theft was discovered early this morning when it was reported the flasher signals at Putnam St. were working continually.

The day before, thieves carted away a large section of wiring from the state line east toward Midland.

Repairs to this were completed Friday evening.

Midland's Board Fills 3 Positions

An elementary school principal, a high school band director and an elementary teacher were named when the board of directors of Midland public schools met Friday night in the administration building.

Robert L. Blinn, 29, of Pittsburgh was hired as elementary school principal at a salary of \$9,300 on a 12-month basis. Under the federal program, he will have additional responsibilities in the areas of remedial reading, mathematics and English and general supervision of the buildings.

His appointment will become effective Aug. 15.

A GRADUATE of Brownsville High School, he received a degree of bachelor of science in education at California State Teachers College and a master's degree in elementary administration at West Virginia University. He has taken additional work at Duquesne University.

Blinn has had teaching experience in all elementary subjects, has taught at Penn Hills and was head teacher in the Church Hill area. He is experienced in administering federal programs, board members said.

He is married and has one child.

Louis Morace, 48, of LaGrange, Ky., was hired as instrumental music teacher in secondary education at \$7,200, plus \$300 for the marching band, effective Aug. 29.

A graduate of Fairmont West High School, Fairmont, W. Va., in 1938, he received a bachelor of arts degree at Fairmont State College in 1942 and a master's degree in music from West Virginia University School of Music in 1953.

His teaching experience includes six years in the Salem (W. Va.) public schools, six years in Ohio public schools and three years in Oldham County Schools in LaGrange.

Morace has a working knowledge of all instruments, but specializes in piano, board members said.

He spent 36 months in the Army, is married and the father of two children.

MISS LENNIE Lee Hobbs, 31, of East Liverpool was hired as elementary teacher at \$6,000, effective Aug. 29. She presently is employed in the East Liverpool school system.

She attended high school at Villa Maria and was graduated from East Liverpool High School. She studied at Ohio University, Athens, Notre Dame College at Cleveland and received a bachelor of science in education at St. John's College, Cleveland.

Her teaching experience includes schools in Cleveland and Westgate in East Liverpool. She is working presently in the East Liverpool federal project. She has taught all elementary subjects.

In accordance with Section 805 of the School Code, the board of school directors authorized and appointed the superintendent of schools as purchasing agent for the district, with the authority to purchase supplies of either class costing less than \$750.

It was announced that at no time is any staff member, professional or non-professional, directly to purchase any item in the name of the school system. The board declared:

"All requisitions for custodial supplies and equipment and maintenance supplies and equipment will originate with the supervisor of maintenance, who will in turn submit the request to the superintendent of schools. The superintendent of schools will approve or disapprove the request and see that the supplies or equipment or materials are ordered."

"Any head coach will use the same procedure, except the request will first go to the athletic director, who in turn will submit the request to the high school principal."

It was pointed out that responsibility for the payment of any purchase ordered by a procedure other than that outlined above will rest with the individual.

Maurice J. Newman presided at the meeting.

Parked Car Damaged By Hit-Skip Motorist

Carl Weekley of 415 Morton St. reported to police today that his 1966 sedan was damaged by a hit-skip motorist Friday night between 10 and 10:30.

Police said the left front of the vehicle, parked in front of Weekley's home, was damaged. Neighbors reported hearing a noise Friday night, but the damage was not discovered until this morning.

enemy bunkers almost at once. A spokesman said American casualties in the initial stages were light. He said the Communist losses were not yet reported but the infantrymen captured quantities of machine guns and ammunition.

At last report toward dark, the GIs were still in contact with the Viet Cong.

Fighting kept up also along the northern border where the Marines were tracking down the North Vietnamese 324th Division in jungle-covered mountains.

The Marines reported scattered contact with the North Vietnamese. In the largest of these, they fought a five-hour action and killed 25 Communists.

Although the official enemy death toll from Operation Hastings is considerably lower, the Marines estimated the Communist dead at more than 1,000 and said they have scattered the North Vietnamese division.

The Marines took moderate casualties in the Friday night action, the spokesman said. But over-all U.S. casualties have been described as light.

Intelligence reports said the commander of the North Vietnamese Division is a political commissar named Gen. Nguyen Ung.

tions about irrevocable national commitments the speech does not contain."

The speech in question was one Johnson delivered by telephone to the American Alumni Council at White Sulphur Springs, W. Va., July 12.

Fulbright quoted Johnson as declaring in the speech "the determination of the United States to meet our obligation in Asia as a Pacific power." Further, Fulbright singled out a television interview last April in which he said Humphrey defined the Honolulu declaration resulting from Johnson's meeting with South Vietnamese Premier Nguyen Cao Ky as a "Johnson Doctrine" for Asia, with "great commitments."

Fulbright said the vice president went on to say, "I think there is a tremendous new opening here for realizing the dream of the Great Society in the great area of Asia, not just here at home."

All this, said Fulbright, "must come as a big surprise to senators who have not even been informed of these sweeping commitments, much less asked for their advice and consent."

"One wonders," added Fulbright, "whether anyone ever thought of asking the Asians if they really want to join the Great Society."

At the White House, Moyers said Fulbright "made several assumptions about the President's speech and the President's policies which are not justified in fact."

Moyers said he could not find "any difference between what the President said and between what the senator said he believes."

Moyers was asked whether the President had any plan to spell out or formalize an Asian "doctrine."

"I never heard him mention the word," replied the press secretary.

What was Johnson's reaction to Fulbright's speech?

"Well," said Moyers, "the President told me he finds it rather difficult to follow what the senator is saying in respect to the government's Asian policy."

Cleveland Gets \$21 Million In 'War On Poverty' Funds

COLUMBUS, Ohio (AP) — Officials say more than a third of Ohio antipoverty funds — \$21 million — has gone to greater Cleveland to fight problems in such areas as housing, where violence erupted this week.

While police and National Guardsmen still patrol the riot areas, officials are working to rush into operation still another program, specifically aimed at helping racially troubled cities.

"It's been a major concern from the start," Dr. Donald Beatty, deputy director of the Ohio Office of Economic Opportunity, said of the Cleveland area. "It's been one of the most serious."

Hough has received special attention as one of the most severely troubled spots in Cleveland, he said, and officials have watched to make sure Hough got its share of funds.

Of \$60.4 million allocated to Ohio under the federal "War on Poverty," more than \$21 million went to greater Cleveland, which has less than a fifth of the state's population and about a fourth of Ohio's Negroes. The total includes funds allocated between February of 1965 and June 30.

Most of the money went for community action. Neighborhood Youth Corps and work ex-

perience programs designed to help the poor learn to help themselves.

The state office and Cleveland Council of Economic Opportunity are working now to speed into operation a "1060 program," designed under the federal project for the nation's 10 most troubled cities. In Cleveland, it would provide work experience for 1,060 youngsters and young adults.

Cleveland officials asked just a few days before trouble began that the program be expanded by 500 persons.

Federal concern was indicated in rapid approval. The state requested funding of the new program June 6. That normally takes 60 days. But telephone confirmation and authorization to start setting up the program was given July 1.

Gov. James A. Rhodes gave his required approval July 16, two days before the violence began.

Cleveland now has 5,524 youngsters in the Neighborhood Youth Corps, 3,041 persons in federally supported adult education programs and 3,000 adults in work experience projects.

All are aimed at helping youngsters and adults get jobs and climb out of an existence of poverty.

off quickly after the gunman's car.

The shooting heightened fears that riot-weary Cleveland is headed into a bad weekend. The violence Friday night moved nearer to white ethnic pockets in predominantly Negro neighborhoods where racial fighting occurred in 1964.

Police said Toney was struck in the face by a shotgun blast and part of his face had been blown away.

The fifth night of disorder saw police and National Guardsmen covering wider areas and being tougher about it.

More persons were searched. A 9 p. m. curfew was rigidly enforced against youngsters under 16. Small groups of three or four men were dispersed. Suspicious persons were photographed by police on the spot.

Mayor Ralph S. Locher received requests from two Negro councilmen for martial law, a curfew and an increase in the National Guard forces augmenting the city's 2,000 policemen.

2 White Men Injured In Brooklyn Unrest

NEW YORK (AP) — Gunfire from a moving auto carrying four Negroes wounded two white men at 2 a. m. today in the racially seething East New York slum area of Brooklyn, police reported.

The shots were fired as the two men stood at a street corner in a section where 1,700 police reported on the streets or held in reserve.

Frank Toledo, 24, was shot in the abdomen and was reported in critical condition in a hospital.

Gregorio Cruz, 35, was shot in the right buttock and was reported in fair condition at the same hospital.

Woman Listed 'Poor' With Crash Injuries

Mrs. Ira Keener, 36, of 351 Ogden St., injured when her car overturned along Route 164 south of Lisbon Thursday, remained in "poor" condition today at Salem City Hospital.

Mrs. Keener and six of her youngsters were injured in the mishap, but four were treated and released. Nancy, 5, is in "fairly good" condition with leg, chest and collarbone injuries, and Ronald, 5-weeks, was released Friday. Mrs. Keener suffered a skull fracture and other injuries.

Talks Resume In Bid To End Plane Tieups

By NEIL GILBRIDE

WASHINGTON (AP) — Airline strike talks remained earth-bound today. As the 16-day walkout piled up multimillion-dollar losses in wages and profits, negotiators could agree only that "It's a sad day."

Federal efforts to win a settlement and a proposal in Congress for the government to take over the five strikebound airlines did nothing to soften the deadlock. Negotiations resume at midmorning.

"I can't characterize the day as a really productive one, but it was not a wasted one either," said Asst. Secretary of Labor James J. Reynolds. This was the nearest thing to optimism to emerge from the sluggish talks Friday.

Sen. Wayne Morse, D-Ore., introduced legislation to declare a national emergency under which federal courts could order the strikers back to work and let the government run the airlines until the dispute is settled.

Entry Reported To City Officers

Sherman Rice of 511 Azalea Ave. reported to police this morning that his Sohio Service Station at 2300 St. Clair Ave. had been broken into sometime during the night.

Patrolman P. A. Burson said the small window in a rest room on the east side of the station had been broken. Nothing was missing from the station except a roll of tissue.

Police theorize the entry was by small boys because of the size of the window.

Meanwhile, Mrs. Iris Lyle reported to police this morning that a tape recorder was stolen from her used furniture store at 325 Market St. sometime Wednesday. She said someone entered the store and removed the recorder from behind the counter near the cash register.

Thieves Enter 2 Service Stations

LISBON — Proprietors of two Negley are aservice stations reported burglaries to the sheriff's office this morning.

F. H. Murphy, operator of the Sunoco Station at Routes 153 and 170, said a thief took an estimated \$2 in pennies and two cartons of cigarettes.

Dale Pancake, who operates Pancake's Service Station on Route 170 south of Negley, said an intruder took \$2 in pennies and 10 cartons of cigarettes.

Chief Deputy Sheriff Robert Berensford said the intruders broke a window at both stations.

Prosecuting Atty. J. Warren Bettis said simple robbery charges were filed because there was some question whether the use of the plastic pistol would support an "armed robbery" charge.

New Methods Outlined In Field Of Eye Work

New methods used in cataract operations and corneal transplants were explained and illustrated by Stephen G. Sinclair, eye physician, during the Lions Club meeting Friday at the Travelers Hotel.

Using plastic sectional models of eyes and blackboard illustrations, Dr. Sinclair clarified the causes of eye difficulties and showed the recent techniques that have been developed in the specialties field of ophthalmology for treating them.

A cataract, he explained, occurs when the inner lens of the eye becomes cloudy. A corneal

'Pondering Disposition,' U.S. Says Of Cong Sailors

The North Vietnamese sailors were captured in June during a naval engagement in the Gulf of Tonkin. Other Communist prisoners have been turned over to South Viet Nam but the seamen have remained in U. S. custody, prompting unofficial speculation about possible efforts for a prisoner exchange.

At about the same time Nitze talked with Pentagon newsmen Friday, Secretary of State Dean Rusk called on the Soviet Union to join with Britain in reconvening the Geneva conference to discuss a peaceful settlement of the Viet Nam war.

Britain and the Soviet Union are co-chairmen of the 14-nation body which met at Geneva in 1954 and 1962 on Southeast Asia.

"We have tried in every way we know to engage the other side in negotiations for a peaceful settlement," Rusk told the International Platform Association, an organization of professional lecturers.

Inquiry Into Drug Prices Will Be Sought By Long

WASHINGTON (AP) — Sen. Russell B. Long said today he is planning a public inquiry into drug prices and federal health programs.

When it comes, the Louisiana Democrat said, "people are going to be finding out that they're paying 400 times too much for some of their drugs."

Long's forum will be the Senate Finance Committee; his topic, prescription practices under medicare and federally aided health programs.

Long, assistant Democratic leader, has introduced a bill that would require the prescribing and dispensing of medicare drugs under their chemical, generic names, not under private brand names.

Long said that would reduce sharply the cost of medicine prescribed under the new program of medical care for the aged.

While the hearings will deal with federal health programs, Long said in an interview, they also will focus a public spotlight on the whole field of drug prices.

Long said he has not set a timetable for the inquiry, and it may not be completed before the Senate adjourns this year. The Finance Committee now is working on unemployment compensation legislation, and the senator said other bills must be

Raw Material Of Riots

It may take a full-dress congressional investigation to establish officially what is being established unofficially in the minds of many people with first-hand impressions of the Chicago and Cleveland riots.

These people insist the riots were not spontaneous explosions.

They say the fires and gunplay were planned and deliberate.

They point to evidence that masterminds worked behind the scenes, preparing arsenals of explosives, arrangements for turning in false fire alarms to divert the attention of policemen and firemen, slogans to inflame the crowds.

It cannot be denied that the raw material for rioting was present—crowded, deteriorated neighborhoods, masses of human beings living in squalor, without adequate sustenance for the present, without hope for the future.

But neither can it be denied that these same masses of human beings were not of one mind about the rioting—the fires, the gunplay, the violence. At most, only a few out of every hundred had any part in defiance of authority and destruction of property.

SOMEONE, somehow, somewhere, had to trigger the explosion. As in the case of the Watts rioting a year ago, someone had to take quick advantage of an incident that could be built into provocation for a riot.

It is thousands of miles in distance and several generations in outlook between Asiatic masses coached to march and chant in unison and Negroes living in Harlem, Chicago's South Side, Cleveland's Hough area and the Watts district in Los Angeles.

But the technique of organizing riots exists in these places just as it has existed in Tokyo, Bombay or Cairo.

Schools exist to teach would-be revolutionaries how to exploit the restlessness and frustration of massed populations. It is not necessary to have everybody milling on the streets to stage a riot. If as few as five per cent of the population can be stirred up, the confusion will be adequate for the purpose.

WHEN it is all over, the rioters, themselves, may never know or want to know how it all happened. It is even possible their rioting actually was spontaneous in origin and unorganized in execution. Would-be organizers may have their dirty work done for them.

The difficulty lies in distinguishing organized action from spontaneous action. The tendency is to dismiss as meaningless all civil violence traceable to organized leadership and to take seriously only those disorders that seem to rise spontaneously from mass unrest.

Such disorders are rare, perhaps nonexistent.

But the hopelessness and frustration on which disorders feed—they are not rare. They exist. Take them away and riots would be impossible.

Clevelanders who live in Lakewood, Bratenhall and Pepper Pike could not be organized to riot.

Chicagoans in Evanston and Oak Park do not riot.

Organizers of riots would be wasting their time in the cities without the raw material of unrest and hopelessness.

able to its own theories. But in the cold analysis of the military experts who watch war as dispassionately as fight managers watch their pugilists, the facts will speak for themselves.

It is a long jump from men pummeling each other's bodies to machines flying at supersonic speeds miles above the earth, but the principle of combat never changes.

Destruction—the certainty of total destruction—is the standard of performance. If it doesn't destroy, it's not worth the effort.

Honor, Responsibility

Congratulations are in order once more for Dr. John W. Hayes, who this week was installed as president of the American Osteopathic Association.

The honor is an impressive one, but with it goes the tremendous responsibility of being the guiding light for more than 12,000 osteopathic physicians throughout the nation.

Through his service in many capacities over the years on behalf of the association, Dr. Hayes has demonstrated his ability to meet this responsibility.

And by naming him to the highest position of their profession, his associates have left no doubt of their continued faith in Dr. Hayes.

grown-up boys who once lived down the block and married the girls next-door.

Nothing the government has done in its exploitation of their fame, nothing about the complexities of the computerized calculations that enable them to carry out their missions with pinpoint accuracy can change their image. They are the kind of people we have known all our lives, with more adventure in their hearts and more alertness in their minds but with no visible differences to set them apart.

The list of their names lengthens, but their composite character stays the same—Alan Shepard, John Glenn, Scott Carpenter, Walter Schirra, Gordon Cooper, Virgil Grissom, James McDivitt, Edward White, Charles Conrad, Thomas Stafford, John Young, Michael Collins, Eugene Cernan—all supermen on the basis of space performance, all ordinary citizens when they return to earth.

By Barry Schweid

And yet the administration is proceeding, possibly on the theory that while it may not be able to convince current Chinese leaders of Washington's good intentions the message may seep in to younger, second-level Chinese who some day will take control.

The effort to break down China's isolation is evident in several of the President's news conference remarks.

For instance: "We should do everything we can to increase our exchanges, to understand other people better, to have our scientists and our businessmen and our authors and our newspaper people exchange visits and exchange viewpoints."

Along these lines, the State Department on July 11 broadened the categories of permissible travel to China.

THE EXPRESSION of a greater power role for the United States in Asia was voiced by the President in his July 12 telephoned speech to the alumni council meeting at White Sulphur Springs, W. Va.

The first essential for establishing a foundation for peace in Asia, he said, "is the determination of the United States to meet our obligations in Asia as a Pacific power."

Arguments that the United States has no business in Asia, he said, "have been tested and found wanting. We are bounded not by one but by two oceans—and whether by aircraft or ship, satellite or missile, the Pacific is as crossable as the Atlantic."

The willingness to take steps toward reconciliation are evident in the offer for exchange visits by scientists, businessmen, authors and newspapermen.

Saving Face Is Fine, But . . . !

The President's Lonely Decision

By Raymond Moley

A distinguished commentator, whose morsels of advice to presidents and candidates have been washed down by the breakfast coffee in countless American homes, was appalled by President Johnson's rather moving description in his Omaha speech of the lonely responsibility he carries for the decision in the Viet Nam war.

The President said that while many may advise and some may consent, he is the "only one who has been chosen by the people to decide."

The President summed up a great constitutional truth in those few words. In the vast authority vested in him as chief executive and commander-in-chief of the armed forces there is inherent not only the power to involve his country in hostilities, but also—especially in such an instance as the bombing of North Viet Nam—to order such steps as will in his judgment win a war.

THAT POWER has scarcely been questioned in all the years since Washington took the oath of office in 1789. Presidents have exercised the power consistently not only to precipitate armed conflict but to restrain an excited nation in a crisis from plunging us into war.

Jefferson imposed the famous embargo against the British despite the opposition of American trading interests. The war that followed later was "Mr. Madison's War." Because the Federalist party opposed that war it was shattered and never revived.

President Polk made the decisions which meant war with Mexico. Lincoln alone decided to reinforce Fort Sumter, the decision that opened four sanguinary years of civil strife. And President Truman first ordered American resistance to the Communists in Korea and then appealed to the United Nations.

Once the country is engaged in war, the President makes the decisions of major military strategy. That is what a commander-in-chief is supposed to do.

TO SEE HOW INEVITABLE this presidential power is, let us consider what the alternative might be. Wars may begin before there is time to get Congress to act. Congress may not be in session, as in October, 1962, when President Kennedy moved in the Cuban crisis. When an enemy attacks, quick response is absolutely essential. No one else can be vested with such responsibility.

Moreover, further to embarrass President Johnson now that he has intensified the bombing of military targets in North Viet Nam, the commentator mentioned above quotes the Johnson speeches in 1964 when he attacked Barry Goldwater. This repudiation of a campaign promise has ample precedent, too. In November, 1916, Wilson was elected because "he kept us out of war." Four months later he asked for war.

FIFTY-ONE YEARS AGO a gifted young writer wrote a whole book which answers the Johnson critics today. That 1915 book was "The Stakes of Diplomacy." Its author was Walter Lippmann. Under a chapter titled "A Discov-

ery for Democrats" he said in part, referring to the reaction here after the sinking of the Lusitania:

"The responsibility and the power, so tremendous that it might decide the world war, so far-reaching that it might alter our whole history, turned for a few dizzy days on the judgment of one man. Had Mr. Wilson wished war with Germany he could have had it. We were in his hands, and no amount of elections, or constitutional reservations about the right of Congress to declare war, can alter the fact that the real war-making power in the United States is the President. . . .

"Our Presidents are elected by various means; the deliberate choice even of domestic policies plays a small part; the choice of foreign policies enters practically not at all. . . .

"Traditional American policy is so vague that the administration may subscribe to it and still do pretty much whatever it pleases. It is no real check on the power of the President. In reality it is the great bulwark of his power."

As Mr. Lippmann also said in 1915:

"The reason why we trust one man, rather than many, is because one man can negotiate and many can't."

Only one man can make the military decisions that make negotiation possible.

EDITOR OF THE REVIEW:

We, the signers, think Mr. Walters, supervisor of the Thompson Park pool, should not take away privileges that Mr. Bell, the former supervisor, gave us.

We were always allowed to sign our name, go out, eat, then go back. Now that privilege it takes more than one to form various dives and water acrobatics. Under these conditions surely none of us will ever make the Olympics from East Liverpool.

We can understand the rule of one on the board at a time, but how come all these rules are applied to all but lifeguards and their friends?

We have spent many happy summers at the pool and we would like to continue to do so.

(The above is signed by Robin Calhoun, Nancy Johnson, Paula Vernacini, Penny Smith, Karen Blackburn and Susie Powell, all of Dixonville.)

Odd Facts

According to statistics gathered by certain "time experts," our average American male spends during his lifetime a full year in telephoning, five years in shaving and dressing, 20 years in working, 16 years in recreation and three years in just waiting.

A female mosquito's wings vibrate at a speed of more than 300 times per second.

Foreign Aid

By David Lawrence

Other Countries Also Contribute

Foreign aid has been the subject of much controversy in the United States, yet few persons are aware of what the money has done for the peoples of other countries. Nor is it generally realized that the United States is not alone in extending economic and financial assistance for the benefit of nations on every continent.

It will come as a surprise to the critics to learn that other countries contributed nearly one-half of the total of more than \$10 billion in public and private aid given to the less developed areas by the 21 nations which are members of the Organization for Economic Co-Operation and Development.

Figures just announced by the OECD show also that the United States, in the year 1965, reached an all-time record of more than \$5.5 billion in its generosity to other nations in the world. This total was made up of \$3.766 billion in governmental aid and approximately \$1.8 billion in private aid.

France was the second largest distributor of foreign aid last year, spending \$1.318 billion. The United Kingdom was third with nearly \$1 billion, trailed by West Germany with \$765 million. Japan was fifth with \$485 million.

OTHER COUNTRIES—Italy, Belgium, The Netherlands, Canada, Australia, Sweden, Austria, Norway, Portugal and Denmark—gave sums ranging from \$250 million down to \$16 million. Four nations—France, Belgium, The Netherlands and the United Kingdom—spent in public and private assistance a higher percentage of their national income than did the United States.

Not all these contributions, including a substantial part of America's foreign aid program, are entirely altruistic. In virtually all the countries extending foreign aid, the products or supplies themselves are purchased at home and hence benefit the domestic economy.

This is one of the reasons why, in the United States especially, the foreign aid program has been consistently maintained. Members of Congress often feel pressure from their districts to continue a program which, while providing assistance to foreign peoples, is also beneficial to business and agriculture in this country.

Much of the money, of course, finds its way into hospitals and humanitarian institutions overseas and is spent for personnel and projects that do not require materials to be bought from this country. Some of the funds are in the form of long-term loans that may or may not be repaid in the future. Some portions of the governmental authorization are for military aid.

THE UNITED STATES has made a remarkable record with its foreign aid program. Though sniped at by critics who say that these expenditures are not appreciated abroad, there is every reason to believe that, where the facts are known, the people are grateful for the assistance.

As for philanthropy in general, despite the efforts of the Communists to portray the citizens of this country as greedy and selfish, the gifts to charity by American business and by individuals are reaching record-breaking totals.

Figures published last week show that last year Americans gave \$11.3 billion to religious institutions, schools, colleges, hospitals, orphanages, welfare agencies, community chests and other civic and cultural causes. All this was entirely apart from any governmental grants.

Even though there are many foundations set up by successful businessmen, and even though corporations still make huge charitable donations, individual giving amounted to nearly \$9 billion out of \$11.3 billion last year.

Many critics, of course, assail the welfare programs operated by the government as being inefficiently administered and at times wasteful. There are outliers, too, that politics has entered into the distribution of funds, particularly in the anti-poverty program. But these blemishes do not alter the fact that both the national government and individual givers are at present engaging in the largest program of philanthropy ever recorded in human history.

Through The Years

From The Review Files

The Social :- :- Notebook

A recording "Flight Final" was played during the program which followed the coverd picnic of the Women's Association of the Grace United Presbyterian Church Thursday night with Mrs. Mabel Neal of Oakmont.

It was written and produced by Forrest McCullough, evangelist, who conceived the idea while he was on an airliner the day following his father's funeral. As he compared his father's journey to heaven and the flight he was making, this allegory was impressed upon his mind.

Background music was presented by the men's glee club and a choir from Trevecca Nazarene College in Nashville, Tenn.

Miss Grace Chamberlain conducted devotion from "Guidepost Magazine." The group sang "Blest Be The Tie That Binds."

Business was directed by Mrs. Neal, president, who read a letter of thanks from Ryu Bang Hoon, the adopted Korean boy, who told the group what he bought with the birthday money which they sent recently.

Plans were made to attend the "Prayer Retreat" Aug. 15-16 at Beaver Creek Camp. The association will have charge of the vesper at the first evening.

Covers were arranged for 21 with Miss Lucille Kerr and Mrs. Faye Allison guests. Miss Mary Phinn offered the blessing.

The opening fall session will be in September.

The annual cup cake and apple muffin contest of Calcutta Grange was held during the meeting Tuesday night at the grange hall.

Mrs. Faye Wright was named first place winner and Mrs. Doris Thompson, second place. Mrs. Zera Ward and Mrs. Ina

Conkle, Mrs. Jean Burgess, Mrs. Clyde Chaney, Mrs. Mary Chaney and Mrs. Laura Chaney.

Refreshments were served 16 at a buffet table decorated in a pink and white theme. Miniature pink parasols were favors.

Miss Chaney, daughter of Mr. and Mrs. Donald Chaney of Carolina Ave., Chester, will become the bride of Robert Bell of New Jersey on Aug. 2 at 7 o'clock in the Chester Christian Church.

A reception will follow in the social rooms.

A barbecue supper preceded the meeting of the "008" Canasta Club Tuesday night at the home of Mrs. Delcie Green of Glenmoor.

Six - handed canasta was in play, with prizes going to Mrs. Liz Roberts, Mrs. Dorothy McCune, Mrs. Connie Bloor and Mrs. Linda Males, a guest.

The next session will be Aug. 1 with Mrs. McCune of W. 9th St.

The Mary A. Washington Missionary Society will meet Wednesday at the Second Baptist Church.

A family get - together honoring Mr. and Mrs. William Van Fossen and family of Garden Grove, Calif., was held Thursday night at the home of Mr. and Mrs. Edward Crawford of the Cannons Mills Rd.

Covers were arranged for 20 at the picnic dinner and reunion. Recognition was given Mrs. Mary Keates, eldest, and Amy Hulse, 1 year, daughter of Mr. and Mrs. George Hulse, youngest.

They are the descendants of Edward and Mary Keates.

Miss Sandra Lee McDevitt Weds In Lisbon Ceremony

The First Methodist Church of Lisbon was the setting last Saturday afternoon for the wedding of Miss Sandra Lee McDevitt, daughter of Mr. and Mrs. Foyn McDevitt of 313 W. High St., Lisbon, and airman 3C James Conn, son of Mr. and Mrs. Alva Conn of Pritchard Ave., Lisbon.

Presiding for the double-ring ceremony at 2:30 o'clock was the Rev. Fredrick Shits.

On the altar, which was banked with palms and ferns, were twin vases of white chrysanthemums and gladioli, flanked by seven-branch candelabra.

Along the center aisle, family pews were marked with white satin bows and sprays of orange blossoms. Flynn McDevitt Jr., brother of the bride, and Robbie Cibula, son of Dr. and Mrs. Peter Cibula, were the acolytes. Mrs. Vernon Duke, organist, presented the nuptial music and accompanied Mrs. Richard Estell, soloist.

THE BRIDE, given in marriage by her father, wore a gown of candlelight sheer silk linen over white liner, designed with long tapered sleeves and round neckline. The empire waistline was accented by the reembodyered Alencon lace band which extended to the front hemline in apron effect panel. The chapel train, appliqued with Alencon lace and seed pearls, extended from the shoulder. A crown of pearls and pearlized orange blossoms held her shoulder - length veil of silk illusion. She carried a white Bible marked with pale pink asters and daisies and long white satin streamers.

Miss Sheila McDevitt, the bride's sister, was maid of honor. Her gown of white cotton lace over mint green was fashioned with short sleeves, round lowered neckline and Empire waistline. The semi-dome skirt had a wateau back panel of mint green chiffon over taffeta. Her three - tier jet veil was attached to a matching mint green circlet with pearlized orange blossoms and she carried three yellow roses with fern, on a white Bible, marked with streamers of mint green, yellow and pink. The dresses of the bride and the maid of honor were designed and made by the bride and her mother.

Michael Prasco of Lisbon, cousin of the bride, served as best man. Ushers were Roger Black, brother - in - law of the bridegroom, and Ronald Van Pelt, brother - in - law of the bride. The bride's mother was attired in a pink crepe sheath with white accessories. The bridegroom's mother wore a blue print dress with white accessories.

Shepherd, Mrs. Maxine King or Mrs. Ann Cawthon.

Plans were also made for a rummage sale Sept. 5-10 at the Ewing Building in Chester, with Mrs. Dorothy Hissam and Mrs. Elizabeth Pryor co - chairmen. The Sunshine Fund was collected by Mrs. Frances McDonald and Mrs. Shepherd.

cessories and each was complemented with corsages of stephanotis.

FOLLOWING the ceremony, a reception was held in the church Fellowship Hall, with Mrs. Ronald Van Pelt, sister of the bride, registering the 100 guests present from Kent, Salem, Leetonia, Columbiana and Lisbon.

The bride's table, centered with a three - tier wedding cake topped with a miniature bride and groom beneath a heart-shaped arch, was covered in white linen and mint green net overskirt. Green tapers in crystal, daisies and ivy completed the setting. Presiding at the reception were Miss Linda Rupp, Mrs. Roger Black, sister of the bridegroom, Mrs. Frank Rice and Mrs. Fred Campsey.

The bride was graduated from David Anderson High School, Lisbon, in 1964, and the Salem Trades School in 1966. She is employed as secretary for Lisbon Mayor Dean Stockman and the Lisbon Chamber of Commerce and the County Regional Planning Commission.

The bridegroom, also a 1964 graduate of David Anderson High School, attended the Kent State University branch in Kent, Ohio, and is now in the Air Force.

The newlyweds left for an undisclosed wedding trip, with the bride's going - away outfit a black and white two-piece dress with white accessories. Upon their return, the bride will reside temporarily with her parents and Airman Conn will return to Chanute Field, Ill., for reassignment.

Mr. and Mrs. Ronald Van Pelt, brother - in - law and sister of the bride, were hosts at the rehearsal dinner at the home of Mrs. Leona McDevitt of Thomas Rd., paternal grandmother of the bride.

Gables, Fla., was given a welcome.

Refreshments were served 22 by Mrs. Ruth Shilling, Mrs. Caroline Mumford, Mrs. Eleanor Schleiter and Mrs. Virginia Huff.

A school of instruction will be held Aug. 18 at the temple.

Miss Hupp, Pvt. Golden Exchange Wedding Vows

Tiered elegance enriched the floor - length gown of Miss Cindy Lounette Hupp when she became the bride of Pvt. Joseph Raymond Golden the evening of July 9 at 6:30 o'clock in the Calvary Methodist Church.

The bride is the daughter of Mr. and Mrs. Mervin Hupp of Canton St. The bridegroom's parents are Mr. and Mrs. Edward James Golden of 1206 St. George St.

The Rev. Charles Menough officiated for the double - ring ceremony before an altar background of palms, ferns and candelabra. Satin bows marked the family pews. William Richards presented a half - hour recital of organ music.

THE BRIDE was given in marriage by her father. Her gown of Chantilly lace, designed along Empire lines, featured a scalloped Sabrina neckline and long, pointed sleeves. Ten bouffant tiers accented the A-line skirt and cascaded into a detachable cathedral train.

Her butterfly veil of imported silk illusion was shoulder-length. It was attached to a pill-box of peau de soie, trimmed with rose petals. She carried an arrangement of white roses and daisies. The familiar traditions were observed.

Mrs. Edward Golden, sister-in-law of the bridegroom, was matron of honor and wore a pink and white dress styled with an Empire bodice. She had a matching rose headpiece and veil and carried a bouquet of pink carnations and daisies.

Miss Pamela Smith and Miss Linda Marshall, bridesmaids, were attired in yellow, chiffon dresses with matching Dior bows and veils. They carried Colonial bouquets of yellow daisies tied with matching streamers.

Debbie Jackson was flower girl and wore a white chiffon and lace dress adorned with mint green bows. She carried a white basket of pastel color roses.

Edward Golden served as his brother's best man. Ushers were Richard Smith and Raymond Bettebridge.

The mother of the bride chose a white suit with blue accessories and the bridegroom's mother a yellow pastel suit with white accessories. White carnations complemented their attire.

A RECEPTION for 100 followed in the social rooms,

where the buffet table was centered with a three - tier cake, topped with a miniature bridal couple. An arrangement of blue tinted roses and lighted tapers completed the setting.

Aides were Mrs. Jacqueline Hupp and Mrs. Alberta Snyder.

The newlyweds are graduates of East Liverpool High School, the bride in 1966 and her husband in 1965. They plan to reside at Ft. Lee, Va., where the bridegroom is attending quarters school.

Mr. and Mrs. Donald Nemeth and son of Columbus visited Sunday and Monday with Mr. and Mrs. Richard Cox and family.

Moore Opposes 'Open Housing'

WASHINGTON — Rep. Arch A. Moore Jr., the only Republican in West Virginia's congressional delegation, has come out against the open housing provision of the new proposed civil rights bill.

Moore, the Second District representative, joins Rep. Ken Hechler of the Fourth District and Sen. Robert C. Byrd, both Democrats, in denouncing the housing section of the bill.

"The average American," Moore said, "looks upon his right to sell his home as being absolute. That attitude is steeped in the traditions of this nation."

He added that open housing legislation doesn't necessarily favor human rights over property rights, because property rights "are rights of people to act certain ways they deem beneficial and are as human as any other rights."

Picnic Set Sunday

LISBON — The Auxiliary of State Highway Patrol Post 15 will hold its annual family picnic Sunday afternoon and evening at the Carl M. Turk farm on Route 154, west of Signal. Capt. Ray Cunningham of East Liverpool said there will be swimming, fishing and boating as well as games for the children.

Church Group Has Meeting

LISBON — The Anna Houston Group, Christian Women's Fellowship of the First Christian Church, held a luncheon meeting Thursday afternoon at the Morgan House.

Mrs. Robert Peterson presided during the business meeting and led the worship service using the theme "Christian Work In Canada."

The program was presented by Mrs. Richard Mason and featured an account of her trip to the CWF assembly at Purdue University, Lafayette, Ind., the week of June 25-July 1. Mrs. Raymond Moore and Mrs. James Moxley also attended the assembly.

The next meeting will be Sept. 15 at the Morgan House.

Sunshine Club Meets

The Sunshine Club's last meeting for the summer was held Thursday with 16 attending a luncheon at Alfom's Restaurant, near Alliance.

Mrs. James Lovejoy of Wyandot, Mich., and Mrs. Warren Noid and daughter Debbie were guests.

The next meeting will be in October.

Prizes Are Awarded

Thirty-one members of Pride of Center Council 190, Daughters of America, attended the meeting Thursday night, with Miss Virginia Raballo, councilor presiding.

Prizes for games and cards were awarded Mrs. Lydia Bennett, Mrs. Arlie Anderson, Mrs. Nannie Meehan and Mrs. Lela Stock.

The next meeting on July 28 will honor members who have birthdays in July.

Mrs. James Lovejoy of Wyandot, Mich., a sister of Mrs. Halverstad, joined them for the camping trip and accompanied them back to Lisbon.

Six Applications Filed For Exams

The East Liverpool Civil Service Commission has received three applications for an examination for firemen, two for maintenance men in the street department and one for police patrolman.

The deadline for applications was Friday at 4:30 p. m., according to P. K. Calhoun, clerk.

All three examinations will be given Monday, Aug. 1, at the City Hall Council Chambers.

The firemen's exam will be at 7 p. m., the police exam at 7:30 and the street department exam at 8.

Members of the commission are H. A. Tullis, chairman, A. A. Fiorello and Donald I. Burckham.

Police Say Area Man Took His Own Life

A 33-year-old Beaver County man found slumped over the wheel of his car in the garage at his home Friday morning took his own life, according to Pennsylvania state police.

Kenneth Humphrey of Georgetown Rd., near Blackhawk in Chippewa Township, was found by his wife. Police said the motor of the car was running.

The Beaver County coroner and police from the Chippewa Barracks investigated.

The sure-footed, small but sturdy horses that carry tourists from Sans Souci Palace in Milot, Haiti, to the mighty Citadelle atop a nearby mountain are bred on that island and retail there for \$15 each.

Studs Given Okay For Snow Tires In West Virginia

CHARLESTON — Snow tires with studs have been approved for use in West Virginia between Nov. 1 and April 1.

State Road Commissioner Burl A. Sawyers said Friday, however, that the tires must meet certain specifications.

The studs must be made of tungsten carbide and be inserted only into new tires with a maximum recommended air pressure of 40 pounds a square inch.

The commission also specified the studs may not protrude from a tire more than seven sixths of an inch and be no more than three eighths of an inch in diameter.

The regulations were laid out after conferences with road officials in New York and New Jersey. An SRC spokesman said that tires with studs had been tested in New York and it was found that they gave better traction on snow and ice with little or no damage to highways.

A MOMENT OF MEDITATION

Is There A God?

Recently, nationwide attention has been focused on the thinking of some who have questioned the existence of God. This type of thinking is not new. Some throughout the ages have raised the question concerning the existence of God. The only possible good that comes from this thinking is that some of the children of God will pause and re-examine their reasons for belief in God.

David declared, "The heavens declare the glory of God; and the firmament sheweth His handiwork." Ps. 19:1. If we are truly looking for evidence of the existence of the creator, to it on every hand. The things that are created declare the existence of the creator. To argue that the earth and all things in it are merely a matter of chance, is utter foolishness. When I see a great building, I know that there must have been a builder. The building did not just happen. When I see a watch, I know that there was a watchmaker. The watch just happen. So it is with the world and all of the things in it. These things did not just happen. There was wisdom behind the creation of the world. It was the wisdom of God. Paul affirms in Acts 14:17 that even the rain and the fruitful seasons are a testimony to the existence of God. "Nevertheless He left not Himself without witness, in that He did good, and gave us rain from heaven, and fruitful seasons, filling our hearts with food and gladness. Thus, there is much evidence for the existence of God in the universe.

A careful consideration of man himself is evidence of God's wisdom. Man is a very complex creature. We are told that he too, is a product of chance. Some have affirmed that man has just evolved from a lower form of life. This theory of evolution has not, nor could it ever be proved. The complex nature of man argues that there must have been wisdom behind his creation. David said, "I will praise thee, for I am fearfully and wonderfully made; marvelous are thy works; and that my soul knoweth right well." Ps. 139:14. Thus, the very existence of man is a testimony to the fact that God exists. God created mankind.

Yes, there is a God and it is not wisdom to deny His existence. Ps. 14:1. The tool has said in his heart, There is no God. In view of this fact, it should be quite evident that since we are the creation of God, we owe to Him all honor and praise. We must fear God and keep His commandments. Eccl. 12:13. Have you been overlooking your obligation to your Maker? Remember, we will all account to God someday. "So then everyone of us will give account of himself to God." Rom. 14:12. Why not begin fulfilling your obligation to God now? You are cordially invited to attend the services of the Church of Christ. Come and learn of God's ways.

ISN'T IT RATHER shortsighted to dodge discussion of a family Monument simply because of its association with death? None of us is going to be here forever. Why leave the selection to someone you love, who, in sorrow, will have to choose it hurriedly and alone? Why not discuss the subject frankly with your family now? Then see us.

We have a complete selection of beautifully designed Monuments on display in our showrooms, where you can shop in comfort and privacy. If you are unable to visit us, we will gladly furnish transportation or home counsel, no obligation. If for reasons of economy or because of cemetery restrictions, you require a Bronze Marker, we have a complete selection on display for your convenience. Wouldn't you say that your burial estate and the Monument that will carry your name through hundreds of years is worth a few hours of your time now? History Recalled

Clarkson Marks Sesquicentennial

A special program marking Clarkson's current 150th anniversary will be held at the Clarkson United Presbyterian Church Sunday morning following the 9:30 worship.

The Rev. Robert I. Moore, pastor, will read a history compiled in recent weeks of the village which was first platted Feb. 19, 1816, by William Heald, a surveyor, for the proprietor, Robert Hanna.

The original plan was for two streets and a square with 12 lots on the square, and the community grew slowly, primarily along the north-south artery.

The Hannas sold the first goods in the village from a log cabin on the Square. Other merchants followed, and a post office was established around 1839 with Richard Stock as postmaster.

BY THE 1870'S the town, surrounded by farms and orchards, had three stores, two churches, some 30 homes and two public places — operated by Mrs. A. Campbell, who was also postmistress, and by Harvey Moore.

The Clarkson Presbyterian Church was founded in 1839 with the Rev. William Stratton as the first pastor. The Associated Presbyterian Church was organized in 1854.

The present United Presbyterian Church was erected in 1877, and the new addition and improvements completed this year.

Hanna, the proprietor of the town, was born in Ireland in 1753, and came to America

to take part in the movement which separated the colonies from Great Britain. He is reported to have served on a secret committee which met in Philadelphia in 1774 and helped bring about the Declaration of Independence.

He later moved to Virginia to help John Lynch found Lynchburg. Hanna subsequently

married Catherine Jones, a cousin of President James Monroe, who, it is said, visited them at Clarkson in 1817. Hanna died in Carroll County in 1837, and is buried in Quaker Ridge Cemetery in West Township.

Mrs. Williams, born the year the Presbyterian Church was built, later operated Gaston's Mill, and today resides in quiet comfort, visited by her friends and with many memories of Clarkson and its people.

ly married Catherine Jones, a cousin of President James Monroe, who, it is said, visited them at Clarkson in 1817. Hanna died in Carroll County in 1837, and is buried in Quaker Ridge Cemetery in West Township.

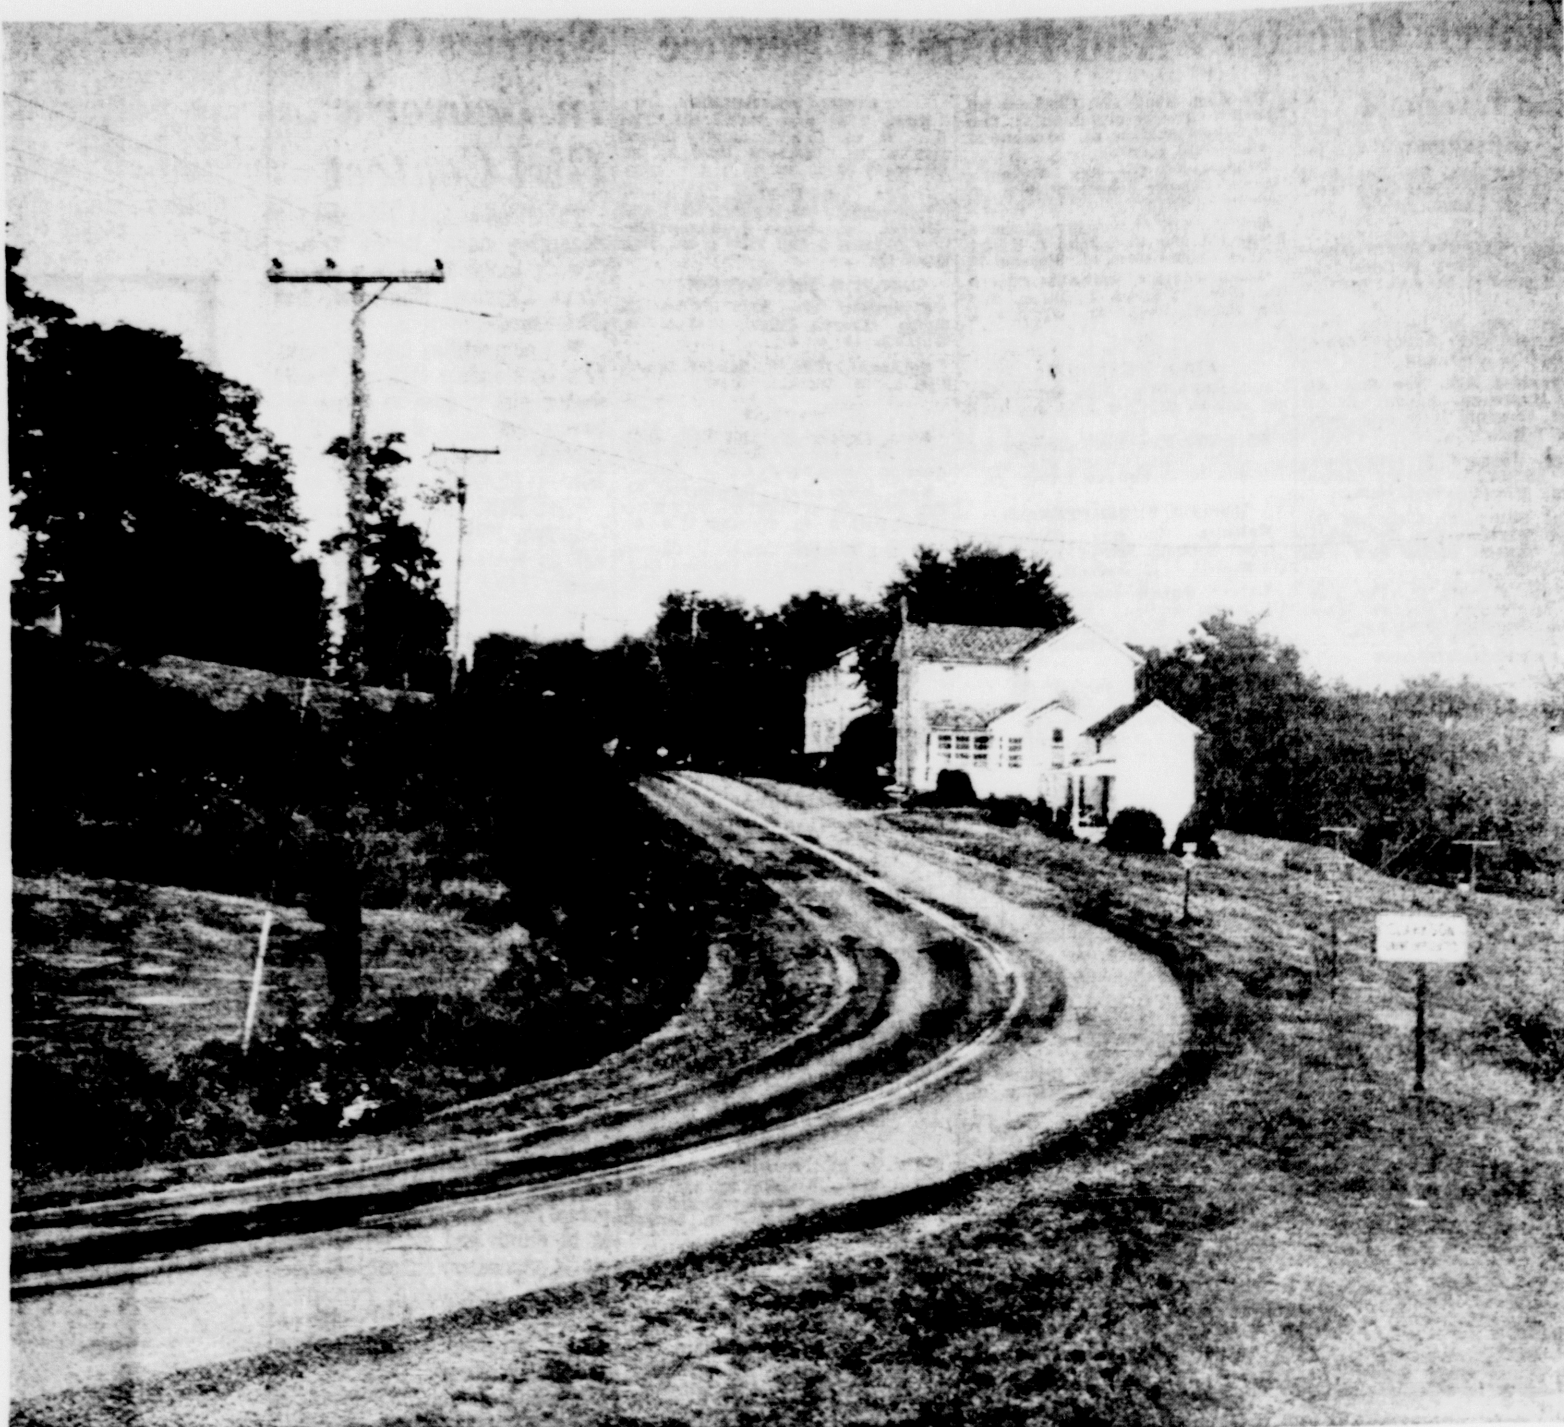

Mrs. Blanche Williams, whose family farm is now a part of Beaver Creek State Park where she lives in the old homestead on two acres she has kept the tract, operated the Clarkson Hotel in 1916-22.

IN EARLIER DAYS the hotel had been a stopping place on the roads through eastern Ohio, and she recalls that even in the "Horse and buggy era" in which she ran the hotel, there was a good busi-

ness and on Sundays over 45 would dine on her chicken dinners.

Clarkson and Rogers were the only Middleton Township communities to gain significant stature among the various would-be communities of the early 19th Century such as Achor, New Liberty and Bellefont.

A rather calm and peaceful community for 150 years, Clarkson may find itself a center of suburbia and vacation-minded visitors by its bicentennial in 2016.

Clarkson, quiet crossroads community atop a Middleton Township hill, is 150 years old in 1966, and has promise of future growth in the years to come.

Symbolic Key

HUNTINGTON, West Va.—The new key to the city adopted by Huntington is a copy of the key to the first railroad station in town. It is made of a nickel alloy symbolizing the city's principal metal industry, is embedded in glass symbolizing the glass industry and is attached to a walnut plaque indicative of the woodworking industry.

The 89-year-old United Presbyterian Church, opposite the former Clarkson School, overlooks the village, and its cemetery contains the graves of residents dating far back to the 19th Century.

The Clarkson Hotel, shown in an 1898 photograph of Mrs. Blanche Williams, onetime hotel operator, was a wellknown stopping place in this district.

You And The Law

The judge can make decisions, enter judgments and issue orders, but somebody has to carry them out. On the state level, our sheriffs do this job. For the United States courts, the U.S. marshal does the work.

In the old days when much of the western United States was divided into territories instead of states, the marshal often had the job of local law enforcement now done by city police and the county sheriff.

THE MARSHAL is named by the attorney general for terms of four years. He takes orders from United States courts and the judge of the court he serves.

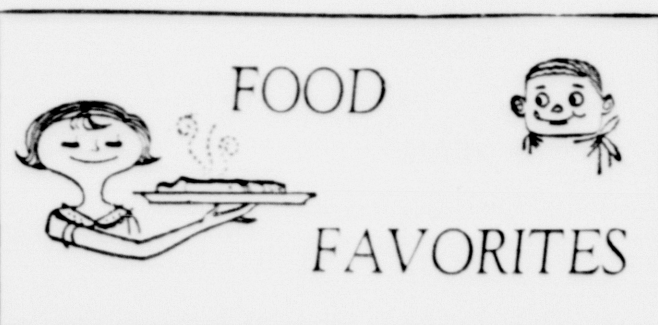

The marshal, like the sheriff, has his deputies. They make arrests on federal warrants, serve papers in lawsuits in the federal courts, subpoena witnesses, summon jury men and seize property on federal court writs.

The marshal also manages the money set aside for federal courts, paying federal judges, witness and jury fees and the board and room of federal prisoners held in local jails.

Unlike the county, the federal government has only a few local jails, so the marshal keeps prisoners awaiting trial or commitment in county and city jails at federal expense.

FOR PRISONERS held a few hours while waiting to appear for trial or to make bond, the marshal usually has a small lockup in his office.

The marshal takes prisoners sentenced for "a year and a day" to a federal penitentiary, but those with a shorter term stay in local jails.

These favorite cake recipes were submitted by Mrs. Mable Anderson of Ashland Pl. who found them in an old-time cook book.

Easy Fruit Cake
2 cups brown sugar
2 cups hot water
2 tbsps. shortening
2 oz. citron
2 cups raisins
3 cups flour
4 tsp. baking powder
1/2 tsp. salt
1 tsp. cinnamon
1 tsp. cloves

Boil sugar, water, shortening, citron, and raisins together for 5 min. When cold, add flour, baking powder, salt, cinnamon and cloves, which have been sifted together. Beat well.

Bake in two loaf pans, in a moderate oven, until done. This cake may be made a

week in advance as the flavor is improved after standing.

Cocoa Nut Cake
1/2 cup butter
2 cups sugar
1 egg yolk
1 cup milk
3 cups flour
2 tsp. baking powder
1 tsp. vanilla
4 egg whites
Cream butter and sugar, add yolk and beat thoroughly. Stir in part of milk. Sift flour and baking powder and stir into egg mixture. Add the remainder of milk and flavoring. Fold in stiffly beaten egg whites.

Bake in two 9-inch layer cake pans in a 350 degree oven until done. Make plain boiled icing and flavor with vanilla. Sprinkle coconut on the icing between the layers and on top and sides.

Stamps In The News

Israel's new Knesset Building which houses that nation's legislative bodies is the subject of a new large-size multicolor stamp. The 1 pound value features the new Knesset on a sweeping landscape in Jerusalem, reports the Israel Philatelic Agency in

America. The building not only is for the 120 legislators but also serves the cabinet and the prime minister.

Also issued by Israel is a new set of five stamps dedicated to "Road Safety." This set of multicolored stamps depicts caricatures of travelers inside a silhouette of a traffic regulation sign.

INDIA HAS issued two new stamps honoring a pair of outstanding political figures in its history, reports the World Wide Philatelic Agency. One stamp features a portrait of

Babu Kunwar Singh, a hero of the first ward of independence in 1857. The second stamp depicts Shri Gopal Krishna Gokhale, considered the greatest politician of the "old school" prior to the Indian age of non-cooperation led by Mohandas Gandhi. Gokhale died in 1915.

BELGIUM HAS issued two new souvenir sheets, reports the Belgian Postal Administration in Brussels. Each sheet bears a surtax for the benefit of cultural institutions in that country and honors the fifth centenary of the death of Rogier van der Weyden, Flemish painter of religious subjects.

The first sheet features three stamps showing three of his paintings. The 1 franc — "Portrait of Philippe le Bon," 2 franc — "Portrait of a Lady" (now in the Mellon Collection, National Art Gallery, Washington), 3 franc — "Man With Arrow." The other sheet shows Van der Weyden's "The Descent From the Cross." The value is 8 francs.

THE ASSOCIATED Press office in Prague reports that the Czechoslovak Post Office

will issue a series of stamps devoted to the Indians of North America. Seven stamps ranging from 20 hellers to 1.40 crowns illustrate such items as tomahawks, totem poles, peace pipes, Indian camps and even a chief of the Dakota Indians.

The Post Office did not say

which chief of the Dakotas is to be depicted or even why the Dakota Tribe was chosen. Perhaps the influence of American movies has penetrated the Iron Curtain or perhaps in the translation and film cutting rooms the Indians defeat the cowboys every time.

George Johnson proudly displays his muskie.

FISHING MAY BE slow for most people, but for George Johnson, a Lisbon St. youth, it couldn't be better—he landed a big muskie while vacationing at Piedmont Lake last week.

And to make it even better, he outdid his father who didn't land anything noteworthy, the entire week. George hooked the big one the first day at the lake. He had two others on during the week, one of which he got beside the boat, but both got off before they could be netted.

George, 12, is the son of Mr. and Mrs. George Johnson of 804 Lisbon St.

He took the 12½-pound monster on a live minnow while drift fishing about 7:30 in the evening. The others were hooked on a bomber plug. It took about 20 minutes to land, using a spinning rod with an eight-pound test line.

The muskie, which was 36¾-inches long, literally ripped the net apart once it was brought into the boat. The youth first thought he was snagged and tugged on the line a couple of times before he realized a fish had the bait.

Congratulations George. You hooked a big one and now you'll be hooked the rest of your life on a very enjoyable sport.

AREA FISHING is poor. Those who are taking fish are really working for them.

The bass still are feeding in Beaver Creek, but it usually is late at night. Soft craws and salamanders are the best baits, although you can do good with a jitterbug if you care to wait around until they start feeding.

At Clendenning Lake a few small bass are being taken. Channel catfish are being caught on shad, night crawlers and shrimp.

My brother-in-law, Donald Doland of Avondale St., was camping and fishing last week at Leesville Lake and had his tackle box stolen from his boat.

Anyone who would steal another person's tackle does not deserve to be called a "sportsman." Many disguise themselves as such and then commit acts of thievery or vandalism, giving all sportsmen a bad name.

There is an unwritten law that when you are camping almost anything can be left in plain view and it will not be touched by anyone. But apparently this only holds true for the true sportsmen.

SPEAKING OF CAMPING, have you noticed how many campers are attracted to Columbiana County and the tri-state area.

Visit the camp sites at Beaver Creek State Park or Guilford Lake. You will see campers from numerous different states.

All campers are not fishermen and all fishermen are not campers. There are many who just enjoy camping out. Food tastes better, you can enjoy a good, quiet night's sleep. And what could be more relaxing than sitting around a campfire in the evening, enjoying stories over a cup of hot coffee.

Fire Chief Robert Lewis and family and Tom Lanam and family of Wellsville were camping over the weekend at Atwood Lake. This was the first time they had used a fold-out tent trailer and Lewis says he never realized how enjoyable it can be.

The fees charged for camping are nominal and camping can be an inexpensive way of spending a vacation. And don't worry about being a novice even the most experienced campers make mistakes. It's the mistakes which are later the "funny" things that happened and provide a lot of laughs.

A CAMPER—whose name I'll not reveal—told me of one such experience at Guilford Lake.

He and his family were spending two weeks vacation, camping in a tent.

It was the night of the hard storms about a week to 10 days ago. During the night his wife woke him to inform him she was wet. She complained she could hear water squishing around and her sleeping bag was in the water.

He insisted she didn't know what she was talking about and rolled over to go back to sleep. He says his arms flopped out onto the tent floor and into a big puddle of water. Then he realized his air mattress was making funny gurgling noises.

A check revealed the tent floor was covered with water and more was coming in.

The next morning he learned that when he put his ground cloth down, before pitching the tent, he had left the outside edges protruding around the tent. The water flowing off the tent had fed underneath and was coming up through the floor and into the opening which were not positioned properly. So don't worry, it happens to the best of them.

A WILDLIFE SURVEY will be conducted the first two weeks of August by rural mailmen. Serving as volunteers, they will keep track of every rabbit, pheasant and quail they see while running their routes.

The surveys are conducted each spring and summer. The

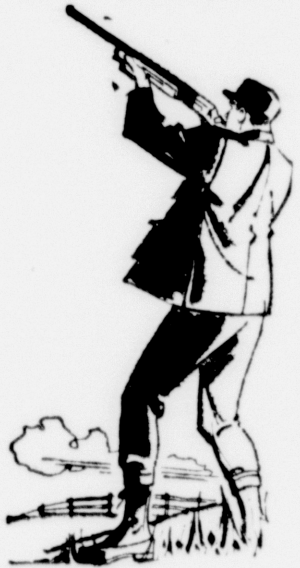

spring survey gives wildlife officials a breeding population estimate and the summer survey gives an indication of reproductive success.

OHIO SQUIRREL HUNTERS MAY have to change their hunting methods this year if they want to get their share of the bushy tails. Don Thompson, wildlife game management supervisor, says because of the early freeze there is going to be a deficiency of acorns, hickory nuts and beech nuts. This means the squirrels will be feeding in places not usually thought of by hunters.

Thompson says the best places to hunt will be near water and the edges of corn and soybean fields. Field edges containing weeds with large seeds such as giant ragweed also may be productive. Hilltops and north slopes did not receive as much frost damage as did the valleys and south slopes.

No appreciable frost damage was reported in a line north of Route 30.

Some trees in this area that were hit by frost seem to have made a comeback and are producing nuts. Personally I

haven't noticed any great abundance of squirrels, but they have been spotty in this area for some time.

PENNSYLVANIA has issued a warning against the danger of forest fires because of the drought conditions. This is advice that should be taken by all in the area.

Fire destroys much needed brush that supports rabbits and forage for deer.

This is the fifth straight year Pennsylvania's woodlands have been affected by drought conditions.

MRS. BETTY DORNICK, wife of Robert Dornick of Route 39, Wellsville R. D., caught her first muskie in 10 years of fishing last week on the Crow River in Ontario, Canada.

She was trolling with a nightcrawler harness. It was 31 inches, five pounds. Bass were hitting good and although several walleyes were caught, most were small. Bob caught all the action on movie film.

Motor Club Recommendation

Tri-State Tour Tips

Buckeye Lake, nine miles south of Newark, offers 3,972 acres of land and water for a variety of summer pleasures, and can be reached off Route 204 near Millersport.

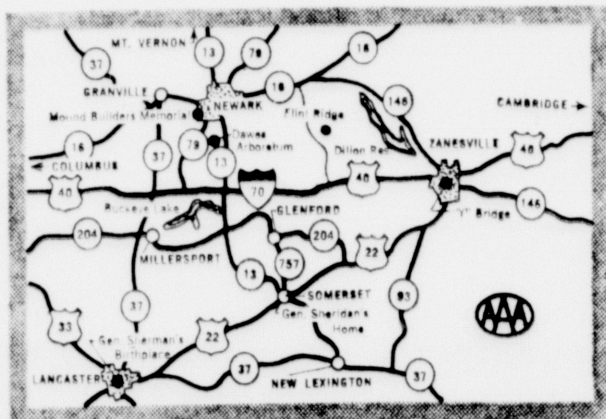

A second body of water in the area is 1,325-acre Dillon Reservoir, part of the Muskingum Conservancy District. It is five miles northwest of Zanesville on the Licking River, off Route 146.

An unusual feature to be seen in Zanesville is the noted "Y" bridge over the Muskingum and Licking Rivers.

Five miles south of Newark on Route 13 is the 525-acre Dawes Arboretum, including extensive varieties of tree life, both virgin and formally planted. Privately maintained, the arboretum is open during daylight hours.

In the village of Granville, also near Newark, visitors will see a community of typical New England appearance. Denison University is located here.

Reminders may be seen at several points of prehistoric Indians who lived in this re-

gion. On Route 79 in Newark is the Mound Builders Memorial. This includes some of the most extensive and best preserved Mound Builder earthworks.

Flint Ridge, three miles north of Brownsville, was the source of flint for arrowheads for many Indian tribes. On Route 204, is Fort Glenford, prehistoric fortification on a reservation of 27 acres.

Memorials to two famous Civil War leaders are included in this tour. One is the Sheridan Monument, at Somerset,

on Routes 22 and 13. The other is the birthplace of General Sherman on E. Main St. in Lancaster.

Millersport, is the scene of the annual "Sweet Corn Festival" scheduled for September 1-4.

The Columbiana County Motor Club suggests this routing to the tour area:

Follow Route 7 from East Liverpool to Steubenville, Route 22 to Route 77 and 70 bypassing Cambridge. Routes 70, 22 and 40 to Zanesville, and Route 13 from interstate 70 to the Buckeye Lake area.

Cookie Twirls Her Way To The Top In Becoming 'Miss U.S. Majorette'

Congratulations still are pouring in from the "home town" folks for Carolyn (Cookie) Richards, who marched through Dixie this month to win the coveted title of "Miss Majorette of America" for 1967.

Cookie, the daughter of Mr. and Mrs. Carroll Richards of near Chester, returned home the other day after capturing the national honors before a crowd of 7,000 in the spacious coliseum at the University of Mississippi. The pageant was televised in color from Memphis, Tenn.

Singer Bobby Vinton served as master of ceremonies.

THIRTY-FOUR states sent representatives to the contest. Each girl was judged on three categories, one-third on a twirling routine, one-third on a strutting routine and one-third on beauty, modeling, charm, poise and personality. Cookie won first place trophies in all three categories. Others to place were:

Miss Oklahoma Janice Murdock, first runner-up;

Miss Pennsylvania, Lynda March, second; Miss Tennessee, Nancy Arnold, third, and Miss California, Jill Brunt, fourth.

Probably the largest group of baton twirlers ever assembled, more than 1,500 participated.

All phases of instruction in baton, drum, crops, etc., were covered by more than 36 teachers.

In addition to the top title, Cookie also won the senior world's championship for solo twirling and amassed 10 first-place trophies during the week.

She has announced that the title will bring to an end her career in competition, with a record to be envied by many, surpassed by few. She has won in six years 506 trophies, 80 medals, 10 plaques and many other prizes and awards. She has been offered scholarships by many of the country's top colleges, but at this time has not made any definite plans.

COOKIE HAS been trained by two of the nation's top

teachers, Don Sartell of Janesville, Wis., who currently heads the National Baton Twirling Association, and Mrs. Ann Nita McDonald of Gary, Ind., who is currently junior and senior national champion and who has produced a host of champions.

Cookie, who is already a registered teacher, will continue to teach, judge and travel nationwide to teach camps, clinics, make personal appearances and twirl with her own high school band, that at Oak Glen, where she is featured twirler.

Home Hints

By Ann Overturf

Columbiana County Home Economist

Wash and wear or minimum care garments present many new problems for home laundrying. Laundry methods must be changed from those used a century ago. Some laundry methods do not even give the "miracle fabrics" a chance to resist wrinkles.

For wash and wear items temperature control is very important. Cooler water is recommended; approximately 105 degrees Fahrenheit for synthetic fabrics and 140 degrees Fahrenheit for cottons which have a finish that imparts the wash and wear quality.

For normal white clothes 140 degrees or above is desirable. This cooler water discourages setting of wrinkles in the fabric. Wash and wear fabrics are heat sensitive; that is, they soften when hot. When they are in this softened state, wrinkles are easily formed.

Once set these wrinkles are very difficult, if not impossible, to remove. So, a first principle for laundrying wash and wear is "the hotter the water, the more wrinkles are formed."

HOWEVER, there is a fallacy to this recommendation. The clothes do not get as clean in cooler water.

Yes, a second principle of laundry is "the hotter the water the cleaner the clothes". Here is the real dilemma of wash and wear fabric care. Which is more desirable,

wrinkle-free or cleaner clothes?

The new cold water detergents have been designed to combat this problem. However, research indicates that cold water detergent gets clothes cleaner using hot water than in cold water.

No research comparisons between cold water and other liquid detergents are available presently. The liquid detergents may be more easily dissolved in the cold water than powdered detergents.

A comparison is usually recommended for wash and wear. The 105 degree water temperature recommendation does not cause a lot of wrinkling, but still is not enough to get clothes relatively clean.

Other parts of the modern laundry process are also important to obtain the goals of wrinkle-free wash and wear garments.

MANY WRINKLES are set during the spin cycle in automatic washers. A cold rinse before spinning prevents some wrinkling. Some automatics have a slower spin speed for wash and wear. Drip dry garments should be removed before the spin cycle.

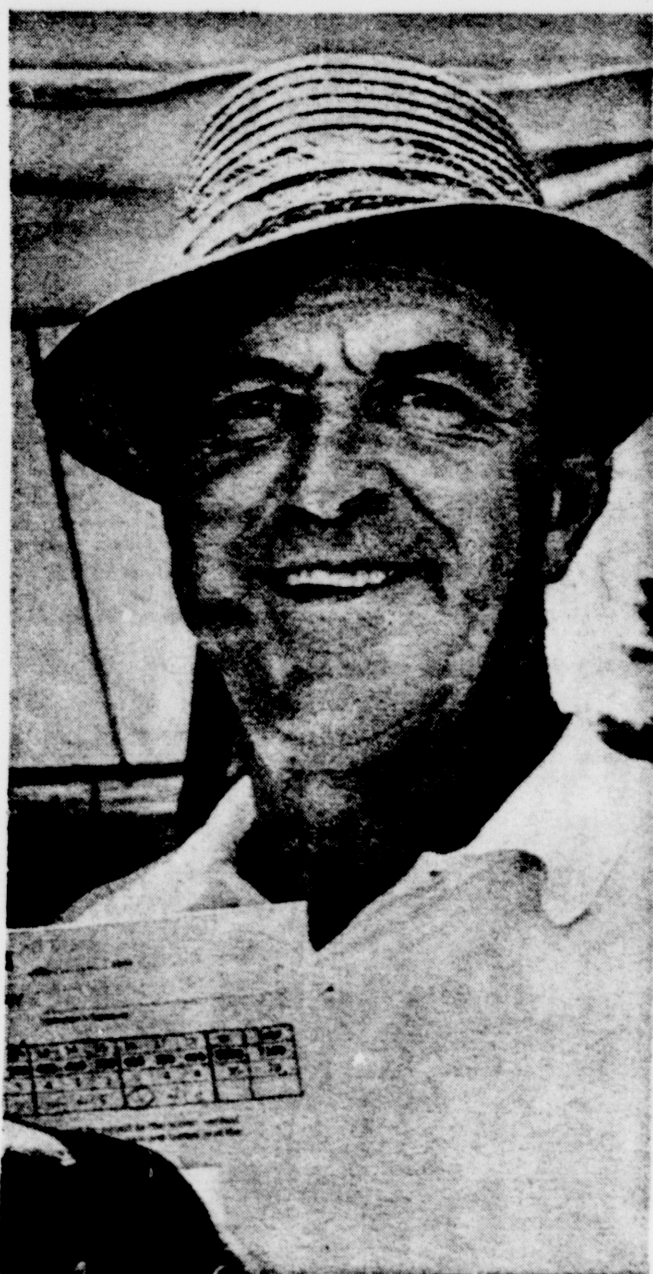

Allowing clothing to remain in the dryer after it has stopped is another "wrinkle former." Again, when the fabric is hot and in a softened state, wrinkles will form, especially when the weight of other items press down on the garment.

Tigers' Victory Is Good News To Ailing Bob Swift

By RON RAPOPORT
Associated Press Sports Writer

Though he must now concern himself with a problem of greater moment than the winning or losing of baseball games, Bob Swift is reveling in Norm Cash's heroics along with all the other Detroit Tigers. Cash's grand-slam home run Friday night sent the Tigers to a 10-5 victory over Cleveland and broke a six-game losing streak. And it gave Swift, back in a Detroit hospital, the first good news he'd had that day. Swift, who became acting manager when Charlie Dressen was felled by a heart attack earlier in the season, was told Friday he had a malignant lung tumor. But when the team physician, Dr. Russell Wright, came to visit Swift in the hospital he found the former Tiger catcher as concerned with the team as himself.

"He said he'd like to see them doing better," Wright said. As far as Cash was concerned, it was no sooner said than done.

The big first baseman stepped up in the sixth with Tigers on every base and drove a pitch by Gary Bell into the upper right-field stands, ending Bell's work for the day.

Later Cash had two chances to enter the record books, but had to settle for another two runs batted in. In the seventh and ninth innings Cash came up with the bases jammed, but the first time he was walked and the second time hit a sacrifice fly.

In other American League games, Baltimore beat Chicago 3-1, Kansas City knocked off Washington 7-2, Boston edged Minnesota in 11 innings 6-5 and California took New York 6-4.

In the National League, Houston beat Pittsburgh 5-2, New York blanked Los Angeles 3-0, San Francisco took Philadelphia 4-1, St. Louis crushed Chicago 9-4 and Cincinnati bombed Atlanta 8-2.

Coach Frank Skaff will run the Tigers until either Dressen or Swift is able to return. Swift's condition is described as one that should be responsive to treatment.

Jim Palmer threw a six-hitter as the Orioles maintained their 11½-game bulge over the rest of the league. It was his 11th victory of the season. Brooks Robinson hit his 19th homer.

Jim Gosger and Danny Cater homered for Kansas City as Washington lost its fifth game in a row. The Athletics had gone eight games without a homer.

George Thomas singled in a run with two out in the 11th to give Boston its victory. Don Demeter led off the inning with a single, went to second on a sacrifice and scored on Thomas' smash between first and second.

Mets Shut Out Dodgers For No. 7 Geiberger, January 1 Stroke Back

By MURRAY CHASS
Associated Press Sports Writer

The New York Mets have quit messing around with Ron Swoboda, and now he's messing around with everyone else.

The Mets' young left fielder continued his personal onslaught Friday night while the Mets continued their extraordinary winning ways, defeating the Los Angeles Dodgers 3-0 for their record seventh straight victory.

Swoboda, who complained last month that the Mets were restricting his effectiveness by playing him irregularly, hit a two-run homer that sealed the Mets' latest victory.

In New York's two previous games, both with San Francisco, Swoboda hit a 10th-inning homer that gave the Mets a 3-2 victory — rapped three hits — and drove in three runs in their 14-3 triumph.

The 22-year-old slugger has been playing every day recently, which is what he felt he should have been doing the entire season.

"They've been messing around with me," Swoboda complained about six weeks ago. "They messed around with me at the end of last season, and they've been doing it again. If you have to sit around and not play for three days, you might as well quit."

"It's the young guys who are going to make this ball club. But how's a young player supposed to learn when he's in and out? I've only batted against a couple of righties. You can't learn that way. If I have to be

Bucs Lose, Frisco Gains On Perry's 2-Hitter

ly, which is what he felt he should have been doing the entire season.

The Giants and Dodgers wouldn't mind that at all. While the Mets remained one-half game out of eighth and moved to within one game of seventh, the Giants climbed to first place in the National League by defeating Philadelphia 4-1 behind Gaylord Perry, who pitched a two-hitter and struck out 15.

Elsewhere in the NL, Houston defeated Pittsburgh 5-2, Cincinnati whipped Atlanta 8-2 and St. Louis knocked off Chicago 9-4. In the American League, Baltimore

trimmed Chicago 3-1, Detroit defeated Cleveland 10-5, California stopped New York 6-4, Boston edged Minnesota 6-5 in 11 innings and Kansas City whipped Washington 7-2.

Swoboda's homer, off Claude Osteen, came in the eighth inning. The Mets also scored in the third on Ron Hunt's single. Bob Friend blanked the Dodgers on eight hits.

Perry held the Phillies hitless for seven innings, but Clay Dalrymple led off the eighth with a line single to right field. Perry struck out Rich Allen four times and Bill White three. Willie McCovey drove in three San Fran-

cisco runs with a homer and a double.

Houston's Larry Dierker gave up home runs to Bob Bailey and Willie Stargell, but the Astros already had built a 4-0 lead in the first inning. Bailey's error, doubles by Rusty Staub, Lee Maye and Bob Aspromonte and Ron Brand's single accounted for the unearned runs.

Cincinnati exploded for six runs in the sixth inning, three on Leo Cardenas' double and two on Pete Rose's homer. That wiped out Atlanta's 2-1 lead. Frank Bolling scored both of the Braves' runs, the first on a first-inning homer.

Joe Hoerner's three-run homer climaxed a four-run, eighth-inning rally that carried St. Louis past Chicago. The blast by the relief pitcher helped the Cardinals get over the 500 mark for the first time this season. Dick Ellsworth suffered his 15th setback against four victories.

Geiberger, January 1 Stroke Back

AKRON, Ohio (AP) — Swinging Sammy Snead is tickling the hearts of oldtimers the world over with his youthful early footing in the PGA's Golden Anniversary Championship.

No longer The Slammer by his own admission, the 54-year-old West Virginian left behind him a field packed with youngsters who weren't born when Snead won his first golf championship.

Snead shot a 36-35-71 Friday for a 139 total and was the only one under par at the halfway mark of the tournament over the 7,180-yard, par 35-35-70 Firestone Country Club course.

Al Geiberger and Don January were one shot behind at 140.

Limping along with a hip injury, Snead went to the practice tee after Friday's round to work on his theory that "the time to practice is when you're playing well."

Tommy Aaron, who was born the year Snead won his first tournament — the Oakland Open in 1937 — walked past Snead, who kept threading perfect shots down the practice fairway.

"No sense practicing next to him," said Aaron. "It only makes you look bad."

"You'd look like a diamond over here son," said Snead. "See that shot, that was a seven iron. You'd only need a nine to get that far."

How much has Snead lost on his shots off the tee as the years have piled up? "Twenty-five yards on all the long shots," he said. "If you need two long shots to get to a hole, you're starting off with a 50-yard disadvantage. That's a lot of yardage and you have to make up for it with accuracy and putting."

Putting, however, is not one of Snead's strengths these days.

"Age works on your nerves and putting is all nerves. I've thought about taking pills for the nerves but they take away your coordination and you can't play golf without coordination," he said.

Snead, with only the wrinkles around his piercing eyes showing any sign of his age, still has the fluid, beautiful swing which has earned him more than 100 championships.

"Yep, the swing's the same," said Snead, "but you lose the elasticity in your body as you grow older. That's the whole difference along with nerves, of course."

Snead kept banging away at the practice tee, telling onlookers exactly what he would do with each shot and then doing it.

Going into those final two rounds Snead also was trailed by Julius Boros at 141, Grouped at 143 were Gary Player, Doug Sanders, Jacky Cupit, Aaron, and Billy Farrell.

Jack Nicklaus, the Masters and British Open champion, was tied with those at 146. This group also included U.S. Open champion Billy Casper. Arnold Palmer was nine shots away with 148.

Pony Stars Out To Even Score After 6-4 Setback

The East Liverpool Pony League All-Stars went out today in an attempt to even the score and possibly win the District tournament title after dropping a 6-4 decision at Martinsburg, W. Va. Friday.

The two teams were to play their second game in the best of three series today at Dopler Field at 1 p. m. If East Liverpool wins the first game today a second game was to follow to decide the tournament which is a double elimination event.

Martinsburg put together seven hits and eight walks to post its six runs. The West Virginians opened with a pair of runs in the first inning, added two in the fourth and came up with single runs in the fifth and sixth frames.

East Liverpool, led by the hitting of Scott Dubberly tied the game in the third inning with two runs then went ahead 3-2 with a run in the top of the fourth.

Martinsburg added two runs in the bottom of the fourth to take the lead for good.

East Liverpool outlived its foe 10-7 with Dubberly going four-for-four while Rick Eckles and Joe March blasted home runs and Jim Massey doubled and singled.

G. Thomas homered for Martinsburg and collected a single while Gramham had two hits including a double.

East Liverpool's pitching was shared by Al Parsons, who was declared the loser and Don Smith who took over in the fourth. The two local hurlers gave up eight walks between them. Thomas was the winning hurler and allowed only one walk while fanning six batters.

And several others echoed his sentiments.

Jack Nicklaus, the Masters and British Open king, said he was playing better after tagging a 71 to his opening 75 for a 146.

And January, asked if he felt better with the edge the leaders had over Palmer and Nicklaus, responded:

"What is a fairly safe lead distance over those guys?"

Veteran Julius Boros, who had 141 at the midway point, said even par should win this tournament.

"I'd take 280 but I'm sure Sam probably would like a 276," he quipped.

Most of the players also concurred that the course, baked by hot and dry weather, was playing tougher than ever.

The greens are getting crusty and hard and a lot of them are turning a little brown.

Bailey Goat Of Pirates' Latest Loss

HOUSTON (AP) — A club climbing to the top of the National League standings has troubles. Ask the Pittsburgh Pirates.

The Pirates, a relative newcomer to the top of the heap, suffered their second straight loss Friday night, losing to Houston 5-2.

The loss, coupled with San Francisco's 4-1 victory over Philadelphia, cut Pittsburgh's lead to a slim two percentage points over San Francisco.

What turned out to be the key play was Bob Bailey's fumble of a grounder at third base which opened the door to four Houston runs in the first.

All four runs were unearned as the Astros pounded three doubles and single off loser Steve Blass in the first.

Bailey and Willie Stargell homered with bases empty for Pittsburgh's two runs. Stargell's sock, a shot into the right field seats, was his 23rd homer of the season.

The victory went to young Larry Dierker, his sixth triumph in 10 decisions.

The two clubs met again tonight with Pittsburgh's Bob Veale (11-5) opposing Mike Cuellar (7-2).

Nominations Set During Meeting At Yellow Creek

Nomination of officers for the Yellow Creek grange will be held Aug. 18, it was announced Thursday night at a meeting of the subordinate and juvenile granges.

George Patterson and Beth DeLauder, worthy masters, presided.

Mrs. Pearl Duck, Home Economics chairman, announced that the committee has toothbrushes for sale and that judging for baking apple muffins and cotton duster contests will be Aug. 4 at the next meeting.

Ralph Falconer, legislative agent, read a letter relative to the redistricting of Ohio.

On Aug. 13, a basket picnic at noon for all Yellow Creek grange members, friends and prospective members will be held at the trailer home of Lawrence and Betty Mick, near Gavers.

Committees are: Grace and Ersel DeLauder, Pearl and John Duck, youth games; Clarence and Nancy Williams and Lawrence and Betty Mick, couples' games; Isabel and George Patterson, tables; George Patterson and Betty Mick, beverages.

Everyone attending should bring own table service, covered dish, rolls or sandwiches for family and a dessert, the committee members said, with a beverage to be furnished.

The lecture hour, directed by Mrs. Betty Mick, included: Roll call "Safety on the Farm and Around the Home," reading, "What is a Farmer?" Mrs. Frances Jack; reading, "What Percentage Does a Farmer Receive for Food, Clothing, Shelter as Income from His Labor and Capital?" Mrs. Duck; poem, "When Father Broke His Arm," and "Definitions," lecturer, reading, "I Am a Tired American," Mrs. Isabel Patterson; jokes, Mrs. Zella Quince.

Lunch was served by Miss Elizabeth Smith and Mrs. Genesta McPherson.

Driver, 18, Cited In 2-Car Mishap

A Carrollton youth was charged after a two-car mishap on Route 39 at the intersection with Route 164 near Salineville Friday night at 11:30.

Officers said Don Simmons, 17, of Carrollton was heading west and was unable to stop in time to keep from hitting the rear of a 1963 convertible operated by John Davis, 18, of Carrollton R.D. 4 who had halted for a stop sign.

There was severe damage to the front of Simmons' auto, moderate damage to Davis', officers said. Simmons was cited for failure to stop in the assured clear distance.

Company And Union In Wheeling Dispute

CHARLESTON (AP) — The West Virginia Department of Employment Security says it is staying out of a dispute between the Wheeling Corrugating Co. and a labor union local in Wheeling.

A spokesman for Wheeling Corrugating, which is a division of Wheeling Steel, said Friday, however, "The idea of a labor dispute at the Wheeling fabricating plant strikes us as a complete absurdity."

He explained that there are no production employees at the plant and actual production is not supposed to begin until about Sept. 1.

The spokesman also said the company had been advised by the employment department that it would not process applications for work at the new fabricating plant because of a labor dispute.

The plant, which is to produce 24,000 steel shipping containers under an \$8.8 million defense contract with the federal government, is expected to employ about 500.

Robert Zapsic of the Rochesters was a guest when limited to three or four colors the Rotary met Thursday evening in a room. Various light and dark shades of these colors may be used for variety.

'Pancake' Palmer Proves Chief Of Oriole Staff

BALTIMORE (AP) — Move over Mudecat and Catfish. The American League pitching fraternity has added the name of Jim (Pancake) Palmer to its list of colorful nicknames.

The 20-year-old right-hander has won seven of his last eight decisions. Significantly, the only time he didn't figuratively flatten the opposition was when he failed to eat pancakes for breakfast.

"I don't know whether that has any bearing on it," Palmer said, "but I don't want to find out."

Palmer ate his pancakes Friday and then hurled a six-hitter as the league leading Orioles beat Chicago 3-1 and maintained their 11 1/2-game lead over the runner-up Detroit Tigers.

Palmer permitted only four hits after yielding a first-inning run. A two-run homer by Brooks Robinson and a squeeze bunt by Paul Blair helped Palmer to his 11th victory in 15 decisions — tops on the Baltimore staff.

It was the third victory in a row for Palmer since he lost to Kansas City on June 28.

"We arrived in Kansas City early in the morning after a flight from Los Angeles," Palmer said, "I stayed in bed for extra sleep, and then I didn't have time to eat before getting the bus for the ball park."

Palmer's wife Susan is aware of the pancake kick. She prepares them at home and reminds Jim by telephone to eat his pancakes on the road.

In Boston last month, Palmer could eat only half his order because blueberries had been added and the pancakes were filling. That didn't affect the charm. Baltimore scored 16 runs that day for Palmer.

Once, when Oriole Manager Hank Bauer was undecided about his starting pitcher, Palmer ate pancakes two days running before getting his turn on the mound. He won.

Palmer goes through other routines to ward off evil spirits which cause pitchers to lose.

The Oriole hurler places three pieces of bubble gum in his hip pocket when he pitches, making certain he doesn't mix the two brands available in the locker room.

Just before leaving the clubhouse to warm up, Palmer and relief pitcher Stu Miller touch their right forefingers together.

Mayor Fines Trainmen In Delay Arrest

EAST PALESTINE — A railroad conductor, charged with obstructing a crossing for an excessive time, pleaded guilty and forfeited a \$28 bond in Mayor Robert Harding's court Friday night.

A similar charge against the engineer of the train which blocked the N. Market St. crossing Tuesday is to be dismissed.

A Pennsylvania Railroad Co. attorney entered a guilty plea on behalf of Dan Horboc, 44, of Alliance, conductor of the shift-e train, who was cited by city police after the automatic crossing gates were kept down by the train moving cars at a lumber concern.

City Solicitor Jack Cohen said last night a similar charge against Leo Broley, 64, of Alliance, engineer of the train, would be dismissed because the

responsibility for the train lies with the conductor.

Ronald Parker, 22, of N. Market St., who drove a motorcycle past the down gates during the incident Tuesday, was fined \$5 and costs after he pleaded guilty.

Police Chief Wallace Dilworth said officers will continue to cite railroad crews whose trains cause crossings to be blocked and to arrest motorists who drive past the downed short-length automatic gates.

Conflicting Stories Circulate On Editor

ATHENS, Ohio (AP) — Ohio University's student newspaper and the school's administration were at odds over whether the editor of the paper left that job voluntarily Friday or was fired.

The paper said in a story that Robert Newton of Columbus, screened for the editorship while a student last spring but not attending classes during summer session, was dismissed by the administration. Dean of Students James Whalen said he "does not fire editors of newspapers" but that Newton resigned when notified he must be enrolled as a student while in the post.

Bandits At Mansfield Flee With \$18,000

MANSFIELD, Ohio (AP) — Quickly established roadblocks Friday failed to turn up the two holdup men in Mansfield's latest of a long string of bank robberies, one in which President Howard Miller of the Farmers Savings & Trust Co. says the loot amounted to \$18,000.

Guns were brandished by two men, one masked and the other wearing a stocking cap, as they held seven customers and three employees of the bank's Orange Street branch at bay.

Use a clothespin to pin your shower cap inside the shower curtain. It will then drip into the tub and be in place when you next need it.

(By) JAMES A. GORDON and ANNA BELLE GORDON, whose places of residence are unknown and cannot be reasonably ascertained, will take notice that on the 15th day of June, 1966, the plaintiff, THE POTTERS SAVINGS & LOAN COMPANY, filed its petition against them in the Court of Common Pleas of Columbiana County, Ohio, the same being cause No. 5169 in said Court, for the foreclosure of a mortgage and sale of certain real estate and in said petition described, to wit: Situated in the City of East Liverpool, County of Columbiana and State of Ohio, and known as being the West Twenty-four (24) feet of Lot 1 number Three Thousand Two Hundred Eighty-two (3282), as said Lot is numbered and distinguished on the recorded plat of Bradshaw's Addition to said City of East Liverpool.

Said premises are also known as 644 Minerva Street, East Liverpool, Ohio. Deed recorded in Volume 1177, Page 523, Columbiana County, Ohio, and the plaintiff prays that said petition be for the foreclosure of a mortgage and sale of said real estate and for other equitable relief. Said defendants are required to answer said petition on or before the 23rd day of July, 1966, or judgment will be taken against them.

THE POTTERS SAVINGS & LOAN CO., PLAINTIFF
By W. E. ADAMS, Attorney for Plaintiff.

ORDINANCE NUMBER 29, 1966.
AN ORDINANCE AUTHORIZING THE DIRECTOR OF PUBLIC UTILITIES TO EXERCISE THE EASEMENT FOR WATER LINE CONSTRUCTION.

WHEREAS, on the 26th day of June, 1962, William L. Smith, Virginia P. Smith, Richard V. Beatty, Jane M. Beatty, Miriam L. DeMunn and Lawrence J. DeMunn did execute and deliver to the City of East Liverpool, a deed for a right of way and easement for the construction, maintenance and repair and placement of water lines across premises owned by them in Liverpool Township, which deed was recorded in Volume 1114, Page 333 of the records of the County Recorder of Columbiana County, and WHEREAS, said water line has been constructed across other lands to the south thereof, and said right of way and easement was used and is necessary to the purposes contemplated.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF EAST LIVERPOOL, STATE OF OHIO:

SECTION 1. That the Director of Public Service - Safety and the Board of Public Utilities be and they are hereby authorized to execute and deliver a deed and other documents necessary to release and surrender the deed of right of way and easement for line construction etc., of water line, dated June 26th, 1962, and recorded in Volume 1114, Page 333 of the records of the County Recorder of Columbiana County, Ohio, from William L. Smith et al. to the City of East Liverpool.

SECTION 2. This ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed this 18th day of July, 1966.

ORDINANCE NUMBER 30, 1966.
AN ORDINANCE REGULATING CURB CUTTING AND ESTABLISHING SECTION 631.1 OF THE CODE OF THE CITY OF EAST LIVERPOOL, OHIO.

WHEREAS, there is presently no control over indiscriminate curb cutting, and curb cutting seriously affects parking, traffic and maintenance problems in the City of East Liverpool, Ohio; and WHEREAS, it is the policy of the City of East Liverpool, Ohio, to regulate curb cutting and curb cutting is hereby ordered to read as follows:

(a) No person shall cut any curb on any of the streets, alleys or other public roadways within the City of East Liverpool, Ohio, without first obtaining a permit to do so; nor shall any person who is issued a permit cut a curb at any location of any dimension not approved by the City Engineer; nor shall any person who is issued a permit cut a curb without complying with the conditions subject to which such permit was issued.

(b) The Director of Public Service - Safety may, upon application of a property owner desirous of access to his property, after payment of the fee required, issue a permit to cut a curb on:

(1) The Director of Public Service - Safety deems such curb cut necessary or beneficial to the full use and enjoyment of said property;

(2) The Director of Public Service - Safety approves such cut, and the dimensions of such curb cut;

(3) Such curb cut will not, in the opinion of the Director of Public Service - Safety, create any unduly add to traffic problems or hazards in the area; and

(4) The permit is so conditioned that the applicant must restore any existing curb cuts, the use of which has previously been or is being discontinued or abandoned by the curb cutter, to the condition which it was in before the curb cut was made.

(c) A fee of ten dollars (\$10.00) shall be paid before any permit to cut a curb is issued.

(d) Any person who shall violate the provisions of this ordinance shall be fined not more than \$50.00 and costs.

SECTION 2. That this ordinance is declared to be a public health measure and shall go into effect immediately upon passage and approval of the City of East Liverpool, Ohio, and the fact that the flow of traffic is being interfered with by present curb cutting thus endangering property and persons in the use of the street and this action is therefore necessary to preserve the public peace, health and safety of the citizens of the City of East Liverpool.

Passed this 18th day of July, 1966.

Today In History

By The Associated Press

Today is Saturday, July 23, the 204th day of 1966. There are 161 days left in the year.

Today's highlight in history: On this date in 1847, a band of Mormons led by Brigham Young halted at the broad, fertile valley around Great Salt Lake in Utah.

On this date: In 1793, American patriot Roger Sherman, who helped draft the Constitution, died.

In 1889, John L. Sullivan beat Jake Kilrain at Richburg, Miss. in a 75-round bare-knuckle fight for the world's heavyweight championship.

In 1945, Marshal Henri Petain went on trial as a traitor to France.

In 1956, Dr. Milton Eisenhower was elected president of Johns Hopkins University.

In 1958, Queen Elizabeth named four women to peerages; they became the first women to sit in the House of Lords.

Ten years ago — The British government said it was adopting a more flexible policy toward the Soviet Union.

Five years ago — The Soviet Union charged that the U.S. launchings of two experimental observation satellites were acts of espionage and aggression.

One year ago — A fishing trawler from Maine was wrecked off the North Carolina coast by the explosion of an old torpedo that was caught in its net. Eight of the 12-man crew were killed.

Junior Editors Quiz on
PRIMITIVE BOATS

QUESTION: What were boats like before there was sail and power?

ANSWER: The first boats probably were logs on which primitive men crossed streams and lakes, paddling with their hands or pieces of wood (1). Somehow they must have found that a log with a hollow inside it, would float higher, because of the larger amount of air. A hollow log boat was much easier to paddle and many things could be carried inside. So men started to hollow out tree trunks to turn into boats. With only primitive tools, this was difficult, but they found the answer by building a fire on tip of the trunk, scraping out the burned part, starting another fire and so on (2). At first, sharp edged shells were used for scraping. Later came the use of edged stone and bronze tools. A major development was to build a thin wood frame and cover it with skins or tree bark, as in the wonderfully-designed Indian canoes (3). Then, thin planks of wood were used instead of skins, and men constructed such masterpieces of boatbuilding as the large decorated boats of the Northwest Indians which we show being used in a special ceremony.

FOR YOU TO DO: Help our artist finish his picture by coloring the designs on the boat, and the figures in it with red, blue and brown.

Jack Lantz of Spangler, Pa., wins today's combined prize of Compton's Illustrated Science Dictionary plus \$10 cash for this question. Mail yours on a postcard to Junior Editors in care of The Review.

Hayes Installed As President Of U.S. Osteopaths

Dr. John W. Hayes, president of the board of the East Liverpool Osteopathic Hospital, was installed this week as the 69th president of the American Osteopathic Association during ceremonies at Chicago.

He succeeded Dr. Wesley R. Larsen of Chicago at an inaugural luncheon at the Drake Hotel, climaxing the annual meeting of the AOA House of Delegates and Board of Trustees.

AS PRESIDENT of the AOA, Dr. Hayes heads the professional organization representing the nation's 12,638 osteopathic physicians.

In addition to being president of the board, he is also administrator and chairman of the Department of Surgery at the local hospital at 203 W. 5th St.

Dr. Hayes is a past president of the Ohio Osteopathic Association of Physicians and Surgeons, a trustee and former delegate to the AOA House of Delegates.

In 1957, he was elected to the AOA Board of Trustees and has served as chairman of the association's committees on ethics, membership and the department of professional affairs. He also has served as a member of the finance and special action committees as well as the advisory board of osteopathic specialists.

He is executive secretary-treasurer of the national osteopathic scholastic honor society, Psi Sigma Alpha. He is a member and holds the honorary degree of Fellow from the American College of Osteopathic Surgeons and is a

diplomat of the American Osteopathic Board of Surgery.

A NATIVE of Chillicothe, Ohio, Dr. Hayes has practiced in East Liverpool since his graduation from the Kirkville College of Osteopathy and Surgery, where he received his D.O. degree in 1928.

He is a member of the board of the Columbiana County Mental Health Association and is a member of the East Liverpool Area Chamber of Commerce.

Fraternally, he is a 32nd-degree Mason, a member of the order of Knights Templar and Al Koran Shrine and the local Elks Lodge.

Car Hits Stone Wall At Jefferson St. Here

A car operated by a city man was damaged heavily in the front when it struck a stone wall on Jefferson St. at 5:15 a.m. today.

Patrolman R. J. Brookes said Charlie Robert Neal, 50, of 612 Monroe St. was headed south on Jefferson and started to turn into Rural Ln.

Neal told police the steering wheel would not turn far enough to permit the car to make the bend and it struck the wall at 612 Jefferson St., loosening some of the stones.

New Fire Alarm System Advised For County Home

LISBON — A completely automatic fire alarm system uniting all buildings at the Columbiana County home has been recommended by representatives of the state fire marshal's office.

Frank Jewell of Bellaire and Chester Henry of Piedmont met at the home Friday with County Commissioner James W. Boyd and County Architect Robert Beatty, both of East Liverpool.

Boyd said the marshals also recommended a check of the water system to make sure there is enough pressure.

Beatty said he will obtain the advice of a consulting engineer and draw up plans for immediate compliance.

County Home Supt. Robert Boyce said he has been working on the fire protection system since two minor blazes last winter.

A new alarm system, approved by a deputy marshal, is at the home ready for installation, he said. Water pressure from the hilltop reservoir is an estimated 45 pounds, he added.

Unattached Boys Offered Chance To Attend Camp

LISBON — Boy Scouts who were unable to attend Camp Twin Spruce with their troop or those who did and would like another week at the Leesville Lake Camp may register for the final week beginning Sunday, July 31.

Camp Director James Wilhide of Canfield says arrangements have been made to let boys come to camp without a troop or their own adult leader.

He said Columbiana Council, Boy Scouts of America, will provide a camping site and an adult leader for all registered Scouts who would like to come to camp "on their own."

The fee will be \$20.

Boys interested should apply immediately to council headquarters in the Firestone Bank Building at 24 N. Park here or phone Lisbon 424-3316. Headquarters will provide medical lists.

Student, 20, Drowns In Cheat Lake Swim

MORGANTOWN — A Pittsburgh youth, a student at West Virginia University, drowned while trying to swim across Cheat Lake near here Friday.

The victim, Robert R. Purviance, 20, joined William Wollett, 19, of Pittsburgh in setting out to swim in the back waters where the lake is about 150 yards wide.

Searchers from Monongalia County, W. Va., and Point Marion, Pa., recovered the body 25 yards from the far shore in about 25 feet of water.

'James Reaney' Cabin Honors Local Scouter

The name of an East Liverpool man active in Scouting the last 35 years hangs on a new cabin at Camp Twin Spruce at Leesville Lake.

"Reaney Cottage," named for James Reaney, was dedicated Thursday night during the executive board meeting of Columbiana Council, Boy Scouts of America. Sixteen members attended the ceremony following dinner in the camp dining hall.

The cottage is the second on the grounds and provides living-sleeping accommodations for the two cooks. The other cabin is used by the camp director.

Joseph Prager of East Liverpool, chairman of the council's Health and Safety Committee, reviewed Reaney's scouting activities in presentation remarks.

Reaney began as a Cubmaster in April 1931, one of the first Cubmasters in this part of the country. He served on the district committee and council's executive board. He was council president 1944-45. The council recognized his contributions by selecting him for the Silver Beaver Award in 1946. Reaney has been council finance chairman for several years.

Atty. Francis Lang of East Liverpool was chairman of the Reaney cottage project. Contributions came from Reaney's friends in Scouting, business and industry.

"If a project is good for the community, Jim, as he is known to all, has a prominent part in it," Prager said. "It is an honor to be associated with a man of this caliber and it is with great pride we dedicate this cottage to his record."

President John C. Thompson of East Liverpool accepted for the council. Standing by were William Readshaw of Salem,

camping and activities director; Camp Director James Wilhide of Canfield, and Council Executive Bennett D. Taylor Jr. of Lisbon.

Thompson said the cottage is a vital part of the planned expansion of Twin Spruce and thanked the people who made it possible. Don Wolbold of Canfield, camp chaplain, gave the prayer of dedication.

During the business meeting, Thompson stressed the need for more manpower in the council and emphasized the growing concern for the nation's youth.

He said ideals of Boy Scouts of America represent "what our forefathers had in mind when they founded our great country, and that our freedom will be safe only as long as we work to instill these ideals in our young men." "This is the end to which we work. Let us all renew our efforts toward this goal," he concluded.

Intruder Gets Nothing From E. 5th St. Store

Unable to force open a safe, an intruder left empty-handed in a burglary discovered Friday at the Firestone Store on E. 5th St. at Walnut St., police reported.

The burglar gained entry by breaking a skylight on the roof and dropping through the opening to a storage room. He forced open an interior door to enter the store proper. A radio which had been sitting atop the safe was missing, but it later was found near the skylight, officers said.

The entry was timed between 9 p.m. Thursday and 9 a.m. Friday. Capt. Robert H. Pyle and Patrolman Paul Burson Jr. investigated.
